FOREWORD
The purpose of this handbook is to acquaint students and parents with necessary information about McLoud Elementary Schools. However, it is not meant to be all encompassing or in any way supersede McLoud School Board Policy. It is the intent of the Board of Education that the respective administrators will construe this policy manual in a reasonable and common sense manner, taking into account the facts and circumstances of each situation.

MISSION STATEMENT
“Working Together to Achieve Excellence”
Recognizing all students can learn, McLoud Public School commits to challenging every student to be adaptable, articulate, and literate problem solvers who, as critical thinkers, are self-motivated and responsible citizens.

EDUCATIONAL PHILOSOPHY
The philosophy of the McLoud Public School System is based on the concept that the schools should exist for individual students at all socioeconomic levels. It should concentrate on providing, through teaching and counseling, equal and adequate opportunities for all students to develop intellectually, physically, socially, and vocationally in order that they might make a contribution to society, that they might be capable of enjoying a cultural, moral and spiritual life, and that they might recognize and accept their responsibilities in preserving the democracy which has provided for these opportunities. It should be noted that these policies do not supersede any federal, state or local laws. If laws are changed, they will supersede board policy.

MCLOUD PRIDE
Perseverance
Respect
Integrity
Determination
Enthusiasm

Mission statement: McLoud PRIDE consists of a partnership of staff and students who emphasize the importance of training to enhance and acknowledge character building within our student body. PRIDE is a character building program designed to instill school spirit into our students.

*The number of doses of PCV and or Hib may range from 1 to 4 depending on the age of the child when the first dose is received.

** Children may be complete with three (3) or four (4) doses depending on the brand of Hib vaccine used.

*** If the 4th dose of DTP/DTaP is administered on or after the child’s 4th birthday, then the 5th dose of DTP/DTaP is not required.

**** If the 3rd dose of IPV/OPV is administered on or after the child’s 4th birthday, the 4th dose of IPV/OPV is not required.

***** Previously unimmunized adolescents 11 through 15 years of age may receive a two (2) dose series of Merk Adult Hepatitis B vaccine to comply with this requirement. All other children (younger or older) must receive three (3) doses of Hepatitis B vaccine.

- The table above lists the vaccines that are **required** for children to attend childcare, preschool, kindergarten through twelfth grade. Additional vaccines may be
recommended but are not required. For example a 2nd dose of varicella vaccine is recommended before entering kindergarten, but not required by Oklahoma law.

- Children attending licensed childcare facilities must be up-to-date for their age for the vaccines listed.
- All measles, mumps, rubella (MMR), varicella and hepatitis A vaccine doses must be administered on or after the child’s first birthday (or within 4 days before the birthday).
- For doses given on or after January 1, 2003, the 5th dose of DTaP must be given on or after the 4th birthday or within 4 days before the 4th birthday. This rule does not apply to doses given before 2003.
- A parental history of a child having varicella (chickenpox) disease is acceptable in lieu of varicella vaccine.
- Hib and PCV vaccines are not required for students in pre-school, pre-kindergarten or kindergarten programs operated by schools.
- It is not necessary to restart the series of any vaccine if the next dose due was not given on schedule because longer than recommended time intervals between doses does not affect final immunity.
- Children may be allowed to attend school if they have received the first dose in the series of any multi-dose vaccine but must complete the series on schedule. These children are “in the process of receiving” immunizations.

For further immunization information please call the Immunization Service at 405-271-4073 or 1-800-234-6196 or visit our website at http://imm.health.ok.gov

The official certification or immunization record card, ODH218B, is distributed by the Oklahoma State Department of Health. Other certification forms are acceptable only if they have the type and date of immunization given. The signature of a licensed physician or authorized representative of the State or local health department is required.

Releases from these immunization requirements by parental request, religious reasons, or due to health are acceptable. Forms for these releases may be obtained at the principal’s office. New students are to bring immunization records when enrolling.

DISEASE

Any child that has been under a physician’s care must present a release to the office to return to class. Students who do not, will be sent home until one is provided.

COMMUNICABLE DISEASE CONTROL

Any child who is determined to be afflicted with a contagious disease, as currently defined by the Oklahoma Department of Health, or with head lice shall be prohibited from attending school until a health professional has determined that the child is free of head lice or the contagious disease or that the disease is no longer contagious. When a student has been excluded from school for a contagious disease, a written medical statement will be required before re-entry to school. Conditions that require a release or proof of prescription are not limited to but may include:
Skin infections  Lice
Measles  Impetigo
Rubella  Ringworm
Strep Throat  Scabies
Mumps  Meningitis
Conjunctivitis (Pink eye)  Mononucleosis
Pertussis (Whooping cough)

Please refer to the **School health guide** for more information on some of the conditions listed above. Students that have been absent from school due to a medical procedure (which may include: surgery, bone injury, mental illness) must bring a medical release to the school secretary or district nurse before re-entry to school. Students with a fever greater than 100.5 must be fever free for 24 hours without medication prior to returning to school. Students with vomiting of diarrhea must not have had an episode for 24 hours before returning to school.

**MENINGOCOCCAL DISEASE**

*What is meningococcal disease?*
Meningococcal (men-in-jo-kok-ul) disease is a rare but sometimes fatal disease caused by a bacterium called Neisseria meningitidis. The disease causes either meningitis, severe swelling of the brain and spinal cord, or meningococcemia, a serious infection of the blood.

*Who is at risk from meningococcal disease?*
Although the risk is extremely low, disease does occur. Babies less than a year old have the highest risk for meningococcal disease, but no vaccine is available to protect them.

Teenagers and young adults, aged 15 to 22 years, are at increased risk because of behaviors that spread the disease. On average two to three people in this age group get meningococcal disease every year in Oklahoma. More than half of these could be prevented by vaccine.

College freshmen living in dormitories have a greater chance of contracting the disease than other persons of their age. Others at increased risk are those with immune system problems, without a spleen, and traveling to parts of the world where the disease is more common.

*How is the disease spread?*
The disease is spread by droplets in the air and direct contact with someone who is infected. That includes coughing or sneezing, kissing, sharing a water bottle or drinking glass, sharing cigarettes, lipstick, lip-balm—anything an infected person touches with his or her mouth.

*Is meningococcal disease dangerous?*
Yes, every year in the United States about 2,500 people are infected and about 300 people a year die, in spite of treatment with antibiotics. Of those who live, about 400 a year lose their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes. This is why preventing the disease is important. If your child has symptoms of meningococcal disease contact your health-care provider immediately.
**Signs and Symptoms of Meningitis**

- Headaches
- Fever
- Chills
- Stiff neck
- Extreme tiredness
- Vomiting
- Sensitivity to light
- Rash of small purplish black-red dots

**How can meningococcal disease be prevented?**

Vaccines can prevent many types of meningococcal disease, but not all types. There are two vaccines available in the United States that protect against four of the five most common strains of the meningococcal bacteria. The newest vaccine, called Menactra, or MCV4, is currently available for:

- Adolescents entering high school (15 years of age),
- College freshmen who live in dormitories
- Other people at high risk 11-through 55-years-of-age.

There is a shortage of both vaccines because the company that makes the vaccines has not been able to keep up with the demand; therefore, it may be difficult to get the vaccine. However, healthcare providers are saving the vaccine for these groups.

The earlier vaccine, called Menomune or MPSV4, was effective in older children and teenagers but booster doses were needed every three to five years. The new vaccine protects against the same types of meningococcal bacteria and probably will not require booster doses. MPSV4 is still used for children 2-through 10-years-old and adults over 55 who are at risk.

Teenagers and young adults can also reduce their risk by taking good care of themselves, by eating a balanced diet, getting enough sleep and exercise, as well as avoiding cigarettes and alcohol.

**HEADLICE**

Students found to have live head lice or nits will be sent home. Students sent home with this problem will not be allowed to return to school without being seen by a physician or may produce a label from an approved lice shampoo treatment bottle. When seen by a health professional, a note stating that no lice are present must be given to office staff in order to return to class. Children who are treated at home must bring the shampoo label and be inspected by the school nurse to make certain treatment has been accomplished.

**RESIDENCY REQUIREMENTS**

It is the policy of the McLoud Board of Education that the residence of any child for school purposes shall be the legal residence of the parents, guardian, or person having legal custody who has assumed permanent care and custody of the child and holds legal residence within the district as defined in 70 O.S. Sec. 1-113 ©. Provided that such parent, legal guardian, person, or institution having legal custody contributes in a major degree to the support of such child, and
that legal status has been determined either by legal parenthood, court pointed custody, or by execution of a power of attorney to delegate care and custody powers to another person, as specified in HB 2536. Provided, further, that any child residing in the district who is entirely self-supporting shall be considered a resident of the school district if the child works and attends school in the school district.

The superintendent or designee may require the submission of evidence of residency in order to determine whether the student is eligible to attend the public schools or programs without payment of nonresident tuition. Such evidence may include, but is not necessarily limited to the following:

1. Proof of payment of local personal income tax or ad valorem taxes.
2. Title to residential property in the district, or a valid unexpired lease agreement, or receipts for payment of rent on a district residence in which the applicant actually resides;
3. Proof of provisions of utilities;
4. A valid, unexpired motor vehicle operator’s permit or motor vehicle registration;
5. Maintenance of voter registration;
6. Notarized affidavit verifying residence and that the affiant has assumed the permanent care and custody of the student. (The filing of a false affidavit shall be subject to punishment in accordance with 70 O.S. 1-1134 (a) (1).)

ANNUAL NOTICE OF FERPA RIGHTS

On March 1, 1998, the School Board of McLoud Public Schools adopted a “Student Record Policies and Procedures” policy for the school district. This policy is designed to meet the provisions of the Family Educational Rights and Privacy Act (FERPA). A copy of this policy will be kept in the superintendent’s office and in each principal’s office. In the course of a child’s education, the McLoud School District will keep records as deemed necessary to provide programs to meet his/her needs and interests. A parent has the right to inspect and review any and all records, files, and data related to his/her child. These records will be available for such review at any time during the regular school day. It is the right of the student’s parents, legal guardians, or an eligible student to seek to correct parts of the student’s educational record which he/she believes to be inaccurate, misleading, or in violation of the student’s rights. This right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent or eligible student’s request. The procedure for this is part of the “Student Records Policies and Procedures” policy.

It is the intent of the McLoud School District to limit the disclosure of the information contained in a student’s educational records except: (1) by the prior written consent of the student’s parent or the eligible student, (2) as directory information, or (3) under certain limited circumstances, as permitted by FERPA.

The McLoud School District proposes to designate the following personally identifiable information contained in a student’s educational record as “directory information”, and it will disclose that information without prior written consent: (1) the student’s name; (2) the names
of the student’s parents; (3) the student’s date of birth; (4) the student’s class designation (i.e., first grade, tenth grade etc.); (5) the student’s extra-curricular participation; (6) the student’s achievement awards or honors; (7) the students weight and height, if a member of an athletic team; (8) the student’s photograph; and (9) the school or school district the student attended before he or she enrolled in this school district.

Opt out provision – Upon request, military recruiters and institutions of higher learning shall have access to secondary students’ names, addresses and telephone listings, unless an objection is made by the student’s parent(s)/guardian(s). The building principal or designee shall notify parent(s)/guardian(s) that they may make this objection.

In case the parent of a student, a student or a former student who is 18 years old, or a citizen of the McLeod School District believes that the district is violating the Family Rights and Privacy Act (FERPA), that person has the right to file a complaint with the U.S. Department of Education. The address is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

ACCIDENT INSURANCE
Accident insurance is available to all students at the start of the school year. We suggest you consider this coverage especially if your family is not insured with a separate health policy. The school does not carry accident insurance on students.

NOTICE TO PARENTS REGARDING CHILD IDENTIFICATION, LOCATION, SCREENING, AND EVALUATION
This notice is to inform parents of the child identification, location, screening, and evaluation activities to be conducted throughout the year by the local school district in coordination with Oklahoma State Department of Education. Personally identifiable information shall be collected and maintained in a confidential manner in carrying out the following activities:

REFERRAL
Preschool children ages three (3) through five (5) and students enrolled in Pre-K-12 who are suspected of having disabilities which may require special and related services may be referred for screening and evaluation through the local schools. Local school districts coordinate with the Sooner Start Early Intervention Program in referrals for identification and evaluation of infants and toddlers who may be eligible for early intervention services from birth through two (2) years of age or for special education and related services beginning at three (3) years of age.
The Oklahoma Area-wide Service Information System (OASIS), through a toll free number (1-800-42-OASIS), also provides statewide information and referrals to local school and other service providers.

**SCREENING**

Other screening activities may include: review of records and education history, interviews, observations, and specially developed readiness or educational screening instruments.

**Readiness Screening** – Personally identifiable information is collected on all Pre-K, Kindergarten, and First Grade students participating in school wide readiness screenings to assess readiness for school. Results of the screening are made available to parents or legal guardians, teachers, and school administrators. No child shall be educationally screened whose parent or legal guardian has filed written objection with the local school district.

**Visual Screening** – Visual screening is also recommended prior to entering Kindergarten. Please provide proof of visual screening at the time of enrollment.

**Educational Screening** – Education screening includes procedures for the identification of children who may have special learning needs and may be eligible for special education and related services. Each school district in the State provides educational screening. No child shall be educationally screened whose parent or legal guardian has filed written objection with the local school district.

- Pre-K, Kindergarten, First Grade students each year.
- Second through twelfth grade students shall be screened as needed or upon request of the parents, legal guardian, or teacher.
- Students entering the public school system from another state or from within the state without previous educational screening shall be educationally screened within 6 months of the date of such entry.

**Pre-Kindergarten**

Students wishing to enter into pre-kindergarten must be potty-trained. Students wearing diapers will not be permitted to attend school unless having a medical diagnosis. In which case a student has a medical condition requiring diapers, parent(s) or guardian(s) must provide a doctor’s note stating as much.

Regarding drop-off and pick-up procedures, parent(s) or guardian(s) must remain in their car at all times in order to prevent holding up the pickup line.

Please be advised that it is the responsibility of the parents to ensure their child is safely buckled into the seat or car seat. Parents should pull forward and out of the pickup line and ensure child is properly fastened in seat.

**EVALUATION**
Evaluation means procedures used in accordance with Federal laws and regulations to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means a procedure used selectively with an individual child and does not include basic tests administered or procedures used with all children in a school, grade or class. Written consent of the parent or legal guardian for such evaluation must be on file with the local school district prior to any child receiving an initial evaluation for special education and related services purposes.

**COLLECTION OF PERSONALLY IDENTIFIABLE INFORMATION**

Educational records containing personally identifiable information collected by schools in the identification, location, screening, and evaluation of children shall be maintained in accordance with Family Education Rights and Privacy Act (FERPA) and the Policies & Procedures for Special Education in Oklahoma. School districts develop and implement a local policy regarding the collection, storage, disclosure, and destruction of confidential student records. Parents may obtain a copy of the local policy from the local school district’s administrator.

These are the rights of parents and children regarding personally identifiable information in accordance with FERPA.

- To inspect the student’s educational records.
- To request the amendment of education records to ensure that they are not inaccurate, misleading, or in violation of the student’s privacy or other rights.
- To consent to disclosure education records, except where consent is not required to authorize disclosure.
- To obtain a copy of the FERPA policy adopted by the local school district upon request being made to the local school administrator.

Before any major identification, location, or evaluation schools shall provide notice to parents. Accommodations for other languages or means of communications may be provided upon request. Such notice shall occur at least annually prior to conducting these activities and shall include the rights of parents under FERPA.

For further information, contact Special Services Director, McLoud Public Schools, PO Box 240, McLoud, Ok 74851, 405-964-3314.

**PROFICIENCY BASED PROMOTION**

Students may earn credit based on proficiency assessment. Proficiency will be demonstrated by an assessment or evaluation that is appropriate to the curriculum area. Students demonstrating proficiency in a set of competencies at the 90% level, shall be advanced to the next level in the appropriate curriculum area and receive a grading mark of “P”. A mark of “P” will be neutral in computing grade point averages.
The decision to allow proficiency-based promotion will take into consideration such factors as social, emotional, physical and mental growth. The school will confer with the student’s parents/guardians in making such promotional/acceleration decisions. Students interested in proficiency promotion should give their counselor written notification three (3) weeks prior to each term’s end. Tests will be given the last week of each term.

TEACHER REQUEST
Classroom Placement Guidelines
Parents have the opportunity to express classroom preference for the next school year utilizing a form referred to as the Classroom Information Sheet (this form will go home in the enrollment packet or can be found on the McCloud Public Schools Web page). Classroom placement is based upon a variety of factors to achieve a balanced classroom. Factors may include, but are not limited to; academic leveling and social considerations, total class size, male/female ratio, and heterogeneous grouping. Another factor now impacting student placement is the Reading Sufficiency Act (RSA). After due consideration of staff and parent recommendations, the final decision on all student placements rests with the principal. We will do our best to place students per parent recommendation, however as previously stated we may not always be able to.

STUDENT/TEACHER REASIGNMENT
Any time after a child has attended his/her assigned class for a minimum of ten (10) school days, a parent or legal guardian may request their child be assigned a new teacher. If this is the case, a request must be submitted in writing to the school principal citing the specific reasons for the request. Next, a meeting will take place with the classroom teacher, parent and principal to discuss concerns and consideration for moving to another class. Factors affecting a request to move include, but are not limited to; academic performance, social considerations, number of students in other classrooms, etc.

STUDENT AGENDAS
Students in grades K-6 at McCloud Public Schools are required to maintain an agenda. These books are given to the students to help them be more organized and to maintain open communication between school and home; therefore, we ask parents and or guardians to sign and return the agenda every day. Organization is one of the more important qualities of a good student. Agendas provide a place for students and PARENTS to keep track of assignments, due dates, and other important information and events. All students will be expected to keep up with their agenda and record their daily assignments. If a student loses their agenda, they will need to come by the office and purchase another one. The cost of a replacement agenda is $10.00 dollars.

WEEKLY FOLDERS
Weekly folders will go home one day a week, ie Tuesday. This folder contains important notes, graded papers, report cards, progress reports, field trip notes, etc. and will be used by all students. Please review the materials with your student, sign and return the folder the next day of school. Each student will be given a folder at the start of the school year; if lost, a second folder will need to be purchased by the parent at a cost of $3.00 dollars.

**GRADING SYSTEM**

The grading system is based upon the total number of points accumulated during a nine-week period for Elementary. Teachers will record a minimum of two (2) grades per week per subject/section taught.

The letter grades A, B, C, D, F and I will be used to indicate the level of achievement of all students at McLoud Elementary School. “I” or incomplete, may not be given for the progress reporting periods. Each teacher will set a deadline for an “I” to be made up. When the grade is changed, the new grade will replace the “I”. No incomplete grades may be given for the semester grades or end of year grade unless approved by an administrator. If approved by the principal an S or U or P may be used in specific course.

The grading scale for regular classes is as follows:

**Pre-K, Kindergarten and First Grade**

Special Education

Same Scale as Regular Classroom – Determined by both Regular and special teachers (only 1 grade given).

**REMEDICATION**
Remediation for state mandated tests is administered and documented through site counselors. Remediation is offered to all students in preparation for State and Federal mandated testing.

**HONOR ROLL**
The Superintendent’s Honor Roll, comprised of students who achieve all A’s, and the Principal’s Honor Roll, comprised of students who achieve all A’s and B’s with no grade below B, will be published each nine weeks for grades 2-6 and at the end of each semester for grades 2-6.

**INTERScholastic Competition**
The faculty and administration encourage the student body to compete in as many scholastic events throughout the year as possible. Through competition, McLoud students can receive recognition and awards for their efforts.

**STUDENT RECOGNITION**
The Board of Education recognizes that the pursuit of excellence is very important to the McLoud Schools, its administration, teachers and students. Achievement resulting from excellent performance, academic or extra-curricular activity, deserves to be recognized whether by individual or team. Student achievement also brings positive recognition to our school and community. The school further acknowledges its responsibility to assist our students in receiving public recognition, not only in award assemblies, banquets, and athletic or other competitive performance activities, but also in the local press. McLoud Schools will, as coordinated by the Superintendent and with assistance from the administration, organizational sponsors, coaches, counselors, and teachers, facilitate press releases to the media for excellent academic, extra-curricular, and athletic activity, including individual and team statistics. A special effort should also be made to identify areas of excellence, which may not ordinarily be identified or recognized.

**TRANSCRIPTS**
A copy of a student’s transcript will be given upon request at the Principal’s office as per FERPA guidelines.

**Report Cards**
Pre-K thru Gr. 6 students will receive a report card at the end of the 1st and 3rd nine weeks and at the end of both semesters. Individual progress reports will be sent home near the end of the fifth week during each nine (9) week period. If you do not receive a five-week report, please contact your child’s teacher.

**Parent-Teacher Conferences**
Parent Teacher conferences will be scheduled in September and February (Please check the school calendar for dates). The purpose of these conferences is to have teacher and parent meet face to face to discuss student progress. The conferences are of great importance for all concerned and should be attended if at all possible. Teachers will send home sign-up sheets at the appropriate time to schedule these conferences.
TRUANCY POLICY

IF A STUDENT FINDS IT NECESSARY TO LEAVE SCHOOL DURING THE DAY, HE/SHE MUST CHECK OUT THROUGH THE OFFICE. A PHONE CALL OR VERIFIABLE PARENT NOTE FROM THE PARENT/GUARDIAN IS REQUIRED FOR THE STUDENT TO LEAVE SCHOOL. ANY STUDENT LEAVING SCHOOL WITHOUT PERMISSION FROM THE OFFICE WILL BE CONSIDERED TRUANT.

ATTENDANCE POLICY

McLoud Public Schools requires that all students be in compliance with the school attendance laws of Oklahoma State below: Violation of the attendance policy may subject student to disciplinary action that may include contacting the District Attorney and/or administrative discipline.

SECTION 232: RECORDS OF ATTENDANCE OF PUPILS

“If a child is absent without valid excuse four (4) or more class days within a four-week period or is absent without valid excuse for ten (10) or more class days within a semester, the attendance officer shall notify the parent, guardian or custodian of the child and immediately report such absences to the district attorney for juvenile proceedings pursuant to Title 10 of the Oklahoma Statutes and/or the local Juvenile Court.

The following are considered valid excuses in this policy:

1. Absences covered by a doctor’s statement showing the date or dates the student was under a doctor’s care. The statement must be presented within two (2) school days upon the student’s return for the absence to be exempt.
2. School Activities
3. Absences that occur as a result of religious holy days.
4. Court appearances
5. Funerals

Parents must call or contact the appropriate office on the day of the student’s absence to report absences. If a parent does not call in, an effort will be made to contact the parent concerning their child’s absence. Each student will be allowed one day for each day missed in this manner to make up work. Exception to this would be long term semester assignments with due dates established by the teacher. Students who are tardy or are checked out before 2:30 will not be eligible for perfect attendance recognition. Except in cases of emergency students should not be checked out before 3:00. Students who have an excused absence will not qualify for perfect attendance awards.

If a student is absent beyond this policy, the school will send a letter to the parents reminding them that persistent absenteeism is a serious problem in learning the curriculum. If absences continue, the school will contact the District Attorney’s office and/or the local Juvenile Court to help aid in solving the problem of high absenteeism.
If a student has been treated by a medical practitioner resulting in the wearing of a cast, sling, splint, orthopedic boot, or any restrictive or contagious medical condition, the school must have a letter/note from the attending medical practitioner in order to restrict physical activity or allow a student to participate in recess, P.E., or other physically active game or sport.

**TARDY POLICY**
A student is tardy to class if he/she isn’t in the room when the tardy bell rings at 8:15 a.m. Students who arrive after 8:45 a.m. are ineligible for perfect attendance recognition; likewise, students who are checked out before 2:30 p.m. are ineligible for perfect attendance recognition. It is the parent’s responsibility to get their student to school on time. Letters will be mailed to parents for repeat violations.

**WIN A BIKE**
Students who have perfect attendance the 1st Semester will be eligible to participate in a drawing for a new bicycle, a helmet, a certificate, and other recognition. Students who have perfect attendance the 2nd Semester will be eligible to participate in a drawing for a new bicycle, a helmet, a certificate, and other recognition. Students who have perfect attendance both semesters, will receive a certificate, a gift package including family gift cards from Mazzios and other recognition. The class, Pre-K thru 6th Gr., with the highest percentage of attendance from August 14th thru and including May 1st, will receive a free pass to Star Skate or other comparable award.

**RIGHT TO SEARCH**
The superintendent, principal, teacher, security personnel or authorized person of the McLoud Board of Education, upon reasonable suspicion, shall have the authority to detain and search, or authorize the search of any pupil or property in the possession of the pupil when said pupil is on any school premises, or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school, for dangerous weapons, or controlled dangerous substances, as defined in the Uniform Controlled Dangerous Substances Act, intoxicating beverages, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes or for missing or stolen property if said property be reasonably suspected to have been taken from a pupil, a school employee or the school activities. The search shall be conducted by a person of the same sex as the person being searched and shall be witnessed by at least one other authorized person, said person to be of the same sex if practicable. The extent of any search conducted pursuant to this section shall be reasonably related to the objective of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. No student’s clothing, except cold weather outerwear, shall be removed prior to or during the conduct of any warrant less search.

The superintendent or principal, teacher, or security personnel searching or authorizing the search shall have authority to detain the pupil to be searched and to preserve any dangerous weapons, or controlled dangerous substances, intoxicating beverages, or missing or stolen property that might be in the pupil's possession including the authority to authorize any other
persons they deem necessary to restrain such pupil or to preserve any dangerous weapons, or controlled dangerous substances, intoxicating beverages, or missing or stolen property.

Any pupil found to be in possession of dangerous weapons, or controlled dangerous substances, intoxicating beverages, or missing or stolen property may be suspended by the superintendent or principal for a period not to exceed the current school term and the succeeding term. Any such suspension may be appealed to the McLoud Board of Education by any pupil suspended under this section if such request is made in writing by Certified Mail Return Receipt requested within five (5) days of notification of such suspension, written or oral, to the student, parents or legal guardian.

Pupils shall not have any reasonable expectations of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property in order to properly supervise the welfare of pupils. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time, and no reason shall be necessary for such a search.

Examples of such items are: radios, tape players, electronic equipment, toys or other items disruptive to the educational process. The administration reserves the right to add other items which they deem inappropriate in an educational environment. Items brought to school in violation of this policy that are stolen will not be searched for.

**CELL PHONES/ELECTRONIC COMMUNICATION DEVICES**

Pursuant to state law, it is the policy of the McLoud Board of Education that no student shall use a cell phone, or other electronic communication device, or have a visible cell phone or other communication device during the school day.

Upon entering the building students are to leave their cell phones in the office in the morning and pick them up at the end of the school day. They should not have them on school sponsored trips, unless special directions or arrangements have been made with the principal.

The exception would be when a student has prior written consent of the student’s parent or guardian and the superintendent or the superintendent’s designee to use a cell phone, or other electronic communication device.
1. **1**st Time – Written warning. Wireless device may be picked up by student in Principal’s office at the end of the school day.
2. **2**nd Time – In School Detention. Wireless device may be picked up in the Principal’s office by Parent or Guardian at the end of the school day.
3. **3**rd Time – Suspension. Wireless device may be picked up in the Principal’s office by Parent or Guardian.
4. Pre-K – 6 Students and parents will be required to sign a cell phone usage agreement prior to cell phone use.
5. Cell phones or other communication devices used during other misconduct may result in suspension and loss of cell privileges and possible law enforcement action.
6. Use of cell phones or other communication devices in private areas is prohibited.

**DRUG-FREE SCHOOLS**

e. Violation of this rule will result in imposition of disciplinary measures, which may include suspension for the remainder of the current term and the following term.

f. Student violation of this rule, which also constitutes illegal conduct, will be reported to law enforcement authorities.

2. Necessary Medications

a. Students may not retain possession of and self-administer any medication at school for any reason.

Students who have a legitimate health need for over-the-counter or prescription medication at school shall deliver such medication to the school nurse or principal with a parental authorization, in compliance with Oklahoma law and school policy and procedures regarding administering medicine to students.

c. Violations of this rule will be reported to the student’s parents by the principal, and may result in discipline, which can include suspension.
3. Distribution of Information

      rehabilitation and reentry programs in this geographic area is available from the
      principal at each student’s school.

      subject to drug testing and disciplinary action by school and or law enforcement
      agencies. Refusal to submit to drug testing will result in disciplinary action.

DANGEROUS WEAPON
1. In order to provide a safe environment for the students and staff of the McLoud School
   District, the Board of Education adopts this policy prohibiting the possession of dangerous
   weapons and replicas and facsimiles of dangerous weapons.
2. Dangerous weapons, including but not limited to firearms, are a threat to the safety of the
   students and staff of the School District. In addition, possession of dangerous weapons, or
   replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes
   with the normal operation of the School District.
3. For the foregoing reasons and except as specifically provided in paragraph 13 below,
   possession by any student or employee of a dangerous weapon, as that term is defined in this
   policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-
   sponsored activity, or on a school bus or vehicle, is prohibited.
4. For purposes of this policy, “possession of a dangerous weapon” includes, but is not limited
   to, any person having a dangerous weapon: (1) on his person; (2) in his locker; (3) in his vehicle;
   (4) held by another person for his benefit; or (5) at any place on school property, a school bus
   or vehicle, or at a school activity with such person’s knowledge or the weapon’s location.
5. A dangerous weapon includes, but is not limited to, a pistol, revolver, rifle, shotgun, air gun
   or spring gun, slingshot, bludgeon, blackjack, brass knuckles, or artificial knuckles of any kind,
   nun-chucks, dagger, bowie knife, dirk knife, butterfly knife, any knife the blade of which can be
   opened by a flick of a button or pressure on the handle, any pocketknife where the blade is
   carried in a partially opened position, any pocketknife that can be locked in place, razor, dart,
   ice pick, explosive smoke bomb, incendiary device, sword cane, hand chains, or any replica or
   facsimile thereof.
6. Any student in possession of a dangerous weapon, or a replica or facsimile of a dangerous
   weapon, in violation of this policy, may be placed under emergency suspension from school,
   pending an investigation of the incident by the appropriate school or legal authorities.
   Students who violate this policy may be suspended from school and all activities for any period
   of time up to the maximum period authorized by law. Additionally, school administrative staff
   members may seek to file criminal charges against the student.
7. Any employee in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy may, pursuant to applicable board policy, be placed under immediate suspension from duties pending an investigation of the incident by the appropriate school or legal authorities and may be dismissed or subjected to other disciplinary action as deemed appropriate by the superintendent of schools or board of education. In addition, School District employees who willfully or negligently fail to enforce this policy are subject to disciplinary action, which may include dismissal. Any disciplinary action for any employee, including dismissal, will be in accordance with any Board policy and any negotiated agreement which is applicable to the employee.

8. If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, the teacher or employee shall immediately investigate the matter and shall confiscate any such weapon found if this can be accomplished without placing any student or staff in jeopardy, and shall immediately notify the principal or the principal’s designee. If the teacher or employee does not believe that the weapon can be confiscated safely, the teacher or employee shall immediately notify the principal or the principal’s designee of the situation.

9. If a teacher or other school employee has a reasonable suspicion to believe that any employee or other person is in possession of a dangerous weapon, or a replica or facsimile of a dangerous weapon, in violation of this policy, he shall immediately report the matter to his immediate supervisor or the superintendent of schools or his designee.

10. If the principal or his designee learns that a student or employee is believed to be in possession of a dangerous weapon, or replica or facsimile, thereof, the principal or designee shall observe the following procedure:

   a. Immediately investigate the matter and contact the police, if appropriate.
   b. If not already confiscated by an employee of the School District and if it can be accomplished without risk of injury, the principal or designee.
   c. Notify the superintendent of schools or designee.
   d. In the case of a student, notify the parents.
   e. Cooperate fully with the police.
   f. Transfer confiscated weapon to the police department.

11. Except as may be required by law for disabled and handicapped students, any student in possession of a dangerous weapon, replica or facsimile of a dangerous weapon, shall not be eligible for placement in any alternative education program, intervention program or be eligible to transfer to another School District school site in lieu of suspension.

12. A student, who has been suspended from another school district because of the possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, shall not be allowed to attend McLoud Schools.

13. An exception to this policy may be granted for students or employees participating in an authorized curricular or extracurricular activity or team involving the use of demonstration of a dangerous weapon, or replica or facsimile of a dangerous weapon. For this exception, written prior approval by the principal, in consultation with the superintendent of schools, is required.
14. Notwithstanding any of the foregoing provisions, rights of due process for all students and
effects of handicapped and disabled students must be observed in accordance with applicable
law and school board policies.

**STUDENT DISCIPLINE**

The McLoud Board of Education believes that the school’s primary goal is to educate, not
discipline. However, education includes establishing norms of social behavior and assisting
students in understanding and attaining those norms. When the behavior of an individual
student comes into conflict with the rights of others, corrective actions are necessary for the
benefit of the individual and the school. The teacher of a child attending a public school has the
same rights as a parent or guardian to control and discipline that child while the child is in
attendance on campus, on district transportation, or while participating in any school function
authorized by the school district.

Each student will be treated in a fair and equitable manner. Disciplinary action will be based on
a careful assessment of the circumstances surrounding each infraction. The following are some
examples of these circumstances:

- The student’s attitude.
- The seriousness of the offense.
- The effect of the offense on other students.
- Whether the incident is isolated or habitual behavior.
- Any other circumstances which may be appropriately considered.

Standards of behavior for all members of society are generally a matter of common sense. The
examples of behavior listed below are not acceptable in society, generally, and in a school
environment, particularly. The involvement of a student in these kinds of behaviors will
generally require remedial or corrective action. These examples are not intended to be
exhaustive, and the exclusion or omission of an unacceptable behavior is not an endorsement
or acceptance of such behavior. When, in the judgment of a teacher or administrator, a
student is involved or has been involved in unacceptable behavior, appropriate remedial or
corrective action will be taken.

1. Unexcused lateness to school.
2. Unexcused lateness to class.
3. Cutting class or leaving class without permission.
4. Leaving school without permission.
5. Refusing detention and/or in-school detention.
6. Tobacco use.
7. Truancy.
8. Possessing or using alcoholic beverages or other mood-altering chemicals.
10. Forger, fraud or embezzlement.
11. Assault, physical and/or verbal.
12. FIGHTING. FIGHTING AT SCHOOL IS STRICTLY PROHIBITED AND WILL RESULT IN
    SUSPENSION. Students should always seek adult help rather than resort to
    fighting.
13. Students who instigate fights but are not actively involved.
15. Distributing obscene literature.
17. Open defiance of teacher/administrative authority.
18. Profane language.
19. Public display of affection.
20. Bullying.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measures.

In considering alternatives for disciplinary actions, the faculty/administration of the school district will consider the alternatives listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The Board of Education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

When administrators have reasonable belief that violations have occurred (i.e. fights, a sexual offense, weapon, drugs, vandalism) the police will be notified immediately.

1. Conference with student.
2. Conference with parents.
3. In-school detention.
4. Detention.
5. Referral to counselor.
7. Changing student’s seat assignment.
8. Requiring a student to make financial restitution for damaged property.
9. Requiring a student to clean or straighten items in facilities damaged by his/her behavior.
10. Restriction of privileges.
11. Involvement of local authorities.
12. Referring student to appropriate social agency.
13. Corporal punishment.
14. Suspension.
15. Expulsion.
16. Other appropriate disciplinary action as required and as indicated by the circumstances.

Teachers will keep records concerning disciplinary actions for each student outlining methods used to deal with the classroom problems (i.e., classroom modifications, assigning Encore time, telephoning parents, etc.). After classroom disciplinary measures have failed, the teacher will
write an office referral and attach classroom disciplinary records. When the student reports to
the office the following steps may be taken:
First Offense – Conference with student and/or parent; and detention may be assigned. The
severity of the offense may require more serious consequences.
Second Offense – Parents may be notified. One to three days of ISD may be assigned.
Third Offense – Conference with parents may be held. Five days of ISD may be assigned.
Fourth Offense – One to ten days of short-term suspension may be given.
Fifth Offense – Long-term suspension or Alternative Education plan may be assigned.
(Guidelines may vary depending on age and maturity). See McLoud Elementary School
Discipline Grid.

PROCEDURE FOR OUT-OF-SCHOOL SUSPENSION
The principal of the school shall suspend a student according to the following procedure: The
principal may, if deemed in the best interest and/or safety of the school and students, suspend
at any time. (Educational plan for out of school suspension will be provided on an individual
basis)
Efforts will be made to notify the student and the parent/guardian orally or in writing, stating
the reason and terms of the suspension and the student’s right of appeal before the Suspension
Committee (consisting of two teachers and two other administrators) of a suspension of more
than five (5) days. Written notification of an appeal to the Suspension Committee must occur
within five school days from the date of the suspension notification. The Suspension
Committee will notify the student and his/her parent/guardians of its decision and inform them
of the student’s right of appeal to the Superintendent.
In the event of an appeal to the Superintendent, a written notification of an appeal must occur
within five school days from the date of the Suspension Committee’s findings. The
Superintendent will notify the student and his/her parents/guardians, in writing, of the
Superintendent’s decision and the student’s right of appeal to the Board of Education.

PROCEDURE OF APPEAL TO THE BOARD OF EDUCATION
Any student suspended from school for more than five (5) days, will have the right to appeal
the decision of the Superintendent to the Board of Education. In the event a student desires to
appeal a suspension to the Board of Education, the student will give written notice to the
Superintendent at least five (5) days prior to the next regularly scheduled Board of Education
meeting. Five days means five (5) business days excluding Saturdays, Sundays, and holidays
legally declared by the State of Oklahoma. If such notice of appeal is not received by the
designated time, said suspension will be considered final.

SUMMARY
Nothing in this policy will restrict the administrator or teacher having the same right of control
and discipline as that held by the parent in accordance with the laws of the State of Oklahoma.
Nothing in this policy will be construed to deny the student’s right to fair and orderly hearings,
appeals, counsel, and due process in cases which may end in suspension.
This policy will be interpreted by the principals and their designees in a manner which they
deem just, given the circumstances of the individual case. Additionally, administrators will have
the authority to enforce other reasonable disciplinary action which they find warranted by situations not covered in the disciplinary action alternatives.

Parents or guardians and the students residing in this school district will be notified at the beginning of each school year that such policy is in effect. A copy of this policy will be made available to parents or guardians upon request at any time during the school year. Teachers, parents, guardians, and students are invited and encouraged to participate in the formulation of disciplinary policies, rules, and regulations by suggesting to administrators appropriate means of discipline for specific infractions.

**SEXUAL HARRASSMENT**

Sexual harassment is a kind of discrimination. It means that someone is treated differently because of his or her sex. It is behavior or words that: are directed at a person because of his or her sex, are uninvited, unwanted, and unwelcome, cause a person to feel uncomfortable or offended, create an environment that makes learning difficult, may be repeated or may be very offensive on a one time basis.

Think about words or acts you direct at other individuals. Any student who believes he or she has been the victim of sexual harassment or harassment based on race, color, national origin, or disability by a student, teacher, administrator or other school personnel of the School District, or by any other person who is participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities should immediately report the alleged acts to the building counselor or administrator for investigation.

**BULLYING POLICY**

McLoud Public Schools is committed to creating and maintaining a learning environment that is free from bullying and harassment. No student will be subject to bullying, hazing, or harassment, or other forms of persecution by student or employee. For the purposes of this policy, hazing is defined as the deliberate harassment of a student by means of rough practical jokes or causing the student to perform meaningless, difficult or humiliating tasks. Bullying is defined as a type of violence that occurs when someone uses his or her power unfairly and repeatedly to hurt someone else. Violence is defined as any word, look, sign, or act that hurts a person’s feelings or things. This policy is not intended to deprive school district authorities from taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action.

**PROHIBITING HARASSMENT, INTIMIDATION AND BULLYING (REGULATION)**

The McLoud Public Schools’ student conduct code prohibits bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

Statement of Board Purpose in Adopting Policy
The board of education recognizes that bullying of students causes serious educational and personal problems, both for the student-victim and the initiator of the bullying. The board observes that this conduct:

1. Has been shown by national and state studies to have a substantial adverse effect upon school district operations, the safety of students and faculty, and the educational system at large.

2. Substantially disrupts school operations by interfering with the district’s mission to instruct students in an atmosphere free from fear, is disruptive of school efforts to encourage students to remain in school until graduation, and is just as disruptive of the district’s efforts to prepare students for productive lives in the community as they become adults.

3. Substantially disrupts healthy student behavior and thereby academic achievement.

   Research indicates that healthy student behavior results in increased student academic achievement. Improvement in student behavior through the prevention or minimization of intimidation, harassment, and bullying towards student-victims simultaneously supports the district’s primary and substantial interest in operating schools that foster and promote academic achievement.

4. Substantially interferes with school compliance with federal law that seeks to maximize the mainstreaming of students with disabilities and hinders compliance with Individual Educational Programs containing objectives to increase the socialization of students with disabilities. Targets of bullying are often students with known physical or mental disabilities who, as a result, are perceived by bullies as easy targets for bullying actions.

5. Substantially interferes with the district’s mission to advance the social skills and social and emotional well-being of students. Targets of intimidation, harassment, and bullying are often “passive-target” students who already are lacking in social skills because they tend to be extremely sensitive, shy, display insecurity, anxiety and/or distress; may have experienced a traumatic event; may try to use gifts, toys, money, or class assignments or performance bribes to protect themselves from intimidation, harassment, or bullying; are often small for their age and feel vulnerable to bullying acts; and/or may resort to carrying weapons to school for self-protection. Passive-target victims who have been harassed and demeaned by the behavior of bullies often respond by striving to obtain power over others by becoming bullies themselves, and are specifically prone to develop into students who eventually inflict serious physical harm on other students, or, in an effort to gain power over their life or situation, commit suicide.

6. Substantially disrupts school operations by increasing violent acts committed against fellow students. Violence, in this context, is frequently accompanied by criminal acts.

7. Substantially disrupts school operations by interfering with the reasonable expectations of other students that they can feel secure at school and not be subjected to frightening acts or be the victim of mistreatment resulting from bullying behavior.

Bullying often involves expressive gestures, speech, physical acts that are sexually suggestive, lewd, vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also
disrupts and interferes with the student-victim’s or bystander’s ability to concentrate, retain instruction, and study or to operate free from the effects of bullying. This results in a reluctance or resistance to attend school.

**Definition of Terms**

1. Statutory definition of harassment, intimidation, and bullying:
   70 O.S. §24-100.3(c) of the School Safety and Bullying Prevention Act defines the terms “bullying,” as including, but not limited to a pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication, directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student that a reasonable person should recognize will:
   A. Harm another student;
   B. Damage another student’s property;
   C. Place another student in reasonable fear of harm to the student’s person or damage to the student’s property; or
   D. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school’s educational mission or the education of any student.

2. **The “Reasonable Person” Standard**
   In determining what a “reasonable person” should recognize as an act placing a student in “reasonable” fear of harm, staff will determine “reasonableness” not only from the point of view of a mature adult, but also from the point of view of an immature child of the age of the intended victim along with, but not limited to, consideration of special emotional, physical, or mental needs of the particular child; personality or physical characteristics, or history that might cause the child to be particularly sensitive to efforts by a bully to humiliate, embarrass, or lower the self esteem of the victim; and the discipline history, personality of, and physical characteristics of the individual alleged to have engaged in the prohibited behavior.

3. **General Display of Bullying Acts**
   Bullying, for purposes of this section of the regulation, includes harassment and intimidation, and vice versa. According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories.

   A. **Physical Bullying** includes harm or threatened harm to another’s body or property, including, but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include
tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

B. Emotional Bullying includes the intentional infliction of harm to another’s self-esteem, including, but not limited to, insulting or profane remarks, insulting or profane gestures, or harassing and frightening statement, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

C. Social Bullying includes harm to another’s group acceptance, including, but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that results in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors, or humiliating acts designed to deprive the student of awards, recognition, or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

D. Sexual Bullying includes harm to another resulting from, but not limited to, making unwelcome sexual comments about the student; making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim’s body; participation in the gossiping or spreading of false rumors about the student’s sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim’s school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment – also prohibited by McLoud Public Schools.

Procedures Applicable to the Understanding of and Prevention of Bullying of Students

1. Student and Staff Education and Training
All staff will be provided with a copy of the district’s policy on prevention of bullying of students. All students will be provided a summary of the policy and notice that a copy of the entire policy is available on request. McLoud Public Schools is committed to providing appropriate and relevant training to staff regarding identification of behavior constituting bullying of students and the prevention and management of such conduct.
Students, like staff members, shall participate in an annual education program that sets out expectations for student behavior and emphasizes an understanding of bullying of students, the district’s prohibition of such conduct, and the reasons why the conduct is destructive, unacceptable, and will lead to discipline. Students shall also be informed of the consequences of bullying conduct toward their peers.

B. McLoud Public Schools’ Safe School Committee

The safe school committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues that interfere with an adversely affect the maintenance of safe schools.

With respect to student harassment, intimidation, and bullying, the safe school committee shall consider and make recommendations regarding professional staff development needs of faculty and other staff related to methods to decrease student harassment, intimidation, and bullying and understanding and identifying bullying behaviors. In addition, the committee shall make recommendations regarding: identification of methods to encourage the involvement of the community and students in addressing conduct involving bullying; methods to enhance relationships between students and school staff in order to strengthen communication; and fashioning of problem-solving teams that include counselors and/or school psychologists.

In accomplishing its objectives, the committee shall review traditional and accepted harassment, intimidation, and bullying prevention programs utilized by other states, state agencies, or school districts. (See also policy BDFC.)

**Student Reporting**

Students are encouraged to inform school personnel if they are the victim of or a witness to acts of harassment, intimidation, or bullying.

**Staff Reporting**

An important duty of the staff is to report acts or behavior that the employee witnesses that appears to constitute harassing, intimidating, or bullying. Employees, whether certified or noncertified, shall encourage students who tell them about acts that may constitute intimidation, harassment, or bullying to complete a report form. For young students, staff members given that information will need to provide direct assistance to the student.

Staff members who witness such events are to complete reports and to submit them to the building principal. Staff members who hear of incidents that may, in the staff member’s judgment, constitute harassment, intimidation, or bullying, are to report all relevant information to the building principal.

Parents/guardians will be informed in writing of the district’s program to stop bullying. An administrative response to bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

1. Report bullying when it occurs;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;
4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents.

**Discipline of Students**

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

The above consequences will be imposed for any person who commits an act of bullying as well as any person found to have falsely accused another as a means of retaliation, reprisal, or as a means of bullying. Strategies will be created to provide counseling or referral to appropriate services, including guidance, academic intervention, and other protection for students, both targets and perpetrators, and family members affected by bullying, as necessary.

**TRANSPORTATION**

McLoud Public Schools provides safe transportation to all students who are legally eligible to ride to and from school. Students living more than 1.5 miles away from all school sites are eligible for bus service. Please feel free to call the Transportation office (964-3642) for any questions concerning the transportation program.

1. Students may be required to walk a short distance to a consolidated bus stop (possibly up to 0.5 miles). The bus will not travel down private roads.
2. Passengers should be prompt in reporting to the bus stop. Usually a five-minute arrival before the scheduled stop is ample. Schedules should normally be consistent, within a minute or two, except, of course, for the first week or so of school, until routes are “firmed up”, and in case of a substitute driver or unforeseen traffic delays, or during severe weather conditions.
3. “Honk service” or “door to door” is not feasible. Of course, there may be days, especially during the bitter cold of winter that passengers seek shelter until bus arrival. In that event, passengers should be alert and prepared to board the bus without delay at the regular stop when the bus arrives.
4. Students wanting to ride on a bus other than their assigned bus will only be granted in emergency situations. Those students who wish to ride a bus other than their assigned bus (i.e. going home with a friend, going to a babysitter, etc.) should provide their own transportation. This means that parents are responsible for providing this type of transportation.
5. Students cannot get off the bus at any stop but their assigned bus stop without permission from the parent and the Transportation Office (964-3642). Students in grades 7-12 are not permitted to get off the bus at the elementary school without permission from the Transportation Office (964-3642).
6. Students must board their bus at the school site. Students cannot walk from the Secondary campus to the Elementary campus to board their bus.

7. Parents and students are responsible for the cost of repairs for damaged bus property caused by vandalism by the student.

8. When weather conditions in the school indicate a possibility of an existence of dangerous road conditions, every effort will be made to notify the news media by 6 am. Further, every effort will be made to return the pupil home at the regularly scheduled time.

9. The school district cannot be held responsible for items left on the bus.

TRANSPORTATION POLICY FOR DISCIPLINING PUPILS

Riding a school bus is a privilege, and the privilege may be removed for not abiding by the bus rider rules. The driver of the school bus has the same control over pupils as the teacher in the classroom.

Pupil misconduct on a school bus can endanger the lives of the pupils, driver, and the general public. The driver shall report such incidents to the Director of Transportation by using a conduct report. The Director of Transportation will give each Building Principal a copy of each report and contact parents. Types of passenger misconduct which may result in the student loss of riding privileges include:

a. Deliberate defiance-refusal to cooperate with the driver.

b. Obscene and unacceptable language, gestures, remarks or literature.

c. Unusually loud talking or other undue noise.

d. Throwing/shooting items of any kind.

e. Scuffling/teasing/tormenting other students on the bus or at bus stop.

f. Fighting on the bus or at the bus stop.

g. Deliberate delay of loading and unloading.

h. Refusal to stay seated/turned around in the seat/standing/or moving around in the bus.

i. Use of tobacco or tobacco products/matches/drugs/alcohol on the bus.

j. Extending any part of the body or objects out of the window.

k. Tampering with bus equipment.

l. Vandalism and destruction of property.

m. Restricted materials or items on the bus.

n. Other violations endangering safe operation on the bus.

Consequences of misconduct may include:

1. The first time a student creates a disturbance, the driver will verbally warn the student and may issue a conduct notice.

2. If a second conduct notice is issued, a pupil’s bus privileges may be suspended for three days.
3. Upon receiving a third conduct report: the pupil may receive a five (5) day bus suspension.

4. If a student receives a fourth conduct report: the pupil may be suspended for ten (10) school days.

5. In the event that any student receives their fifth conduct report, they may be suspended for thirty (30) school days from the bus.

6. SEVERE CLAUSE: Immediate suspension from bus will occur if the incident is serious and jeopardizes the safety of the passengers.

7. Other appropriate Disciplinary action is conducted at the discretion of the Administrator.

8. Appeal Procedure: All appeals should be initiated through the McLoud Transportation Director (964-3314 ext. 4242).

A parent/guardian desiring to appeal the issuance of a misconduct notice or subsequent punishment may do so by contacting the Transportation Director (405-964-3314 ext. 4242). The Transportation Office shall notify the Building Principal of such a request. The appeal shall be heard within five school days of the request unless an extension is requested in writing by the parent. The request for an appeal hearing shall temporarily restrain the implementation of a suspension unless the Director of Transportation or the Building Principal determines that in the interests of bus safety and/or good order the suspension is necessary or the hearing cannot be conducted in a timely manner.

**ATTENDANCE/ACTIVITIES POLICY**

The Superintendent and the Board of Education will annually review the scheduling of activities so that minimal interruptions occur in the instructional program of a child.

The Board of Education will appoint an Internal Activities Review Committee. The committee will be responsible for reviewing and approving any deviation from the activities policy. The committee will consist of all building principals, transportation director, athletic director, and one classroom teacher from each of the following: elementary (K-6), junior high (7-8), high school (9-12). The committee will recommend changes in policy to the Board of Education.

The maximum number of absences for activities, whether sponsored by the school or outside agency/organizations, which removes the student from the classroom will be ten (10) for any one class period of each school year. Activity absences are recorded by teachers on period absence slips. Excluded from this number are state and national levels of school sponsored contests. State and national contests are those for which a student must earn the right to
compete. The criteria for earning the right to represent the school in any activity or contest must be submitted in writing by local school sponsors and approved by the Board of Education.

**ACTIVITY/FIELD TRIPS**

For a student to be eligible to participate in any activity or field trip that takes him/her outside class time, including weekends, he/she must be in good standing academically with each teacher (Eligibility List). Correct classroom behavior will also be taken into account to qualify for field trips.

**Students must go and return in school transportation if provided.** Special arrangements must be made with the activity sponsor if students wish to go or return in a manner other than school provided transportation. Such request must be made in writing and given to the activity sponsor. Trips are generally scheduled during the spring term. Trips will be educational in nature.

**MUSIC**

**SIXTH GRADE BAND** is composed of those students in the sixth grade who desire to begin their band career. Sixth grade band is a learning experience for those students who wish to learn the basics. The aim of the program is to help build responsible individuals and better citizens while giving them knowledge of music and how it works. Students may be required to attend extra rehearsals and are required to be present at all performances.

**ELEMENTARY HONOR CHOIR** provides the opportunity for 4-6 grade boys and girls to participate in a performance-oriented group that performs at school and some off-campus locations. Rehearsals are scheduled after school. Entry is by audition only. Students have the opportunity to audition during their regularly scheduled activity time. Honor choir is an extra-curricular activity.

**STUDENT COUNCIL**

**Intermediate Student Council** representatives will be elected from each room in grades 5-6 at the beginning of the school year. The purpose of this organization is to provide unity to students, teachers, and administration.

**PROCEDURES FOR ELECTION/REMOVAL OF OFFICERS**

These procedures shall apply to all class elections and any organizations not governed by a state or national charter.

- **FILING:** Offices are open for all members of the class or organization. Students interested in filing for office must come by the sponsor’s classroom to file for office. The filing period will be one school day, from 8:15 a.m. until 3:15 p.m. Students will receive a copy of the duties, responsibilities and qualifications (if any) for the office for which they are filing.
➢ CAMPAINING: A meeting of the class or organization will be held within one week of the filing period. At this meeting, each candidate who filed for office will make a campaign speech, noting their qualifications for office. Following the meeting, campaigning may take place. The day for casting of ballots will be no more than one week from the previous meeting, and campaigning may be conducted in the interim, as long as it is not disruptive to the learning process.

➢ BALLOTING: The voting period will be one school day from 8:15 a.m. until 3:15 p.m. A list of those eligible to vote will be given to the supervisor of the polling place. Students will sign a voter’s registration sheet before being given a ballot. All ballots will be cast in a private polling area and will be deposited into a slotted ballot box.

➢ RESULTS: At the closing of the polls, a committee of three, two teachers and one student, will count the ballots and post the results on the door of theballoting area and in the student bulletin case. Should no student receive a majority, the same procedure will be duplicated within the two top candidates.

➢ REMOVAL FROM OFFICE: All elected officers must realize that the holding of an elected office requires service to that position and organization.

An elected officer may be recalled from the office with 25% of the membership signing a recall petition showing cause. Prior to any recall petition being circulated by the class or organization membership, a meeting will be held with officer in question, the sponsor of the class/organization and the building administrator to explain the charges and the process to be followed, insuring that the officer is afforded his/her due process rights.

The signed petition will be presented to the building Student Council sponsor; the sponsor will present the petition to the Student Council for their investigation. Parties to both sides of the dispute will be allowed to address the Student Council if they so desire. At the request of the officer being recalled, the hearing before the Student Council may be a closed hearing. If, upon completion of their investigation, the Student Council determines cause to exist, the recall will be allowed to proceed. The vote of the Student Council will be by secret ballot. This investigation will take place no more than five (5) school days after presentation of the recall petition to the Student Council sponsor.

At any time during this process, either party may visit with the sponsor in charge, the building counselor, or the building principal.

**VETERANS DAY OBSERVANCE**

In order to recognize and pay tribute to veterans who left high school prior to graduation to serve in World War II or the Korean War, an Oklahoma state law has been enacted which authorizes school districts to grant high school diplomas to those veterans who are eligible.
