- A. In order to continue the practice that provides for the full-time release of the President of TANLA, the following conditions and procedures shall be continued:
1. The President shall be released from his/her regular duties in the District. The District shall pay the same salary and fringe benefits he/she would have received without the loss of seniority or other rights and benefits. The District shall return the President to the same teaching position and site, if available, or an equivalent position at the completion of his/her term in office.
 2. While serving in the capacity of Association President, the individual remains an employee of the District and is under the direction of the Superintendent or his/her designee, except when performing Association related duties.
 3. The President shall provide a monthly accounting of his/her work days to the Assistant Superintendent of Human Resources and shall be responsible to work the number of days required for all members of the certificated bargaining unit under the Master Collective Bargaining Agreement.
 4. TANLA will contribute an amount equal to the daily rate of pay for a long-term substitute for one hundred and eighty workdays to the District to help offset the cost of the release of the President. Such payments will be made in two equal installments; the first of which shall be payable on January 15th, and the second shall be due on June 15th. The District shall provide the Association with an invoice requesting payment two weeks prior to the due date for each payment. *Payment to be determined by the following formula: Number of substitute days = 180 Multiplied by the Daily Rate for a long term substitute.*
 5. TANLA additionally agrees that Twenty-Six Thousand One-Hundred Dollars (\$26,100.00) shall be allocated to the General Fund of the District from TANLA

Such meetings may include Superintendent's Roundtable, and other meetings and functions mutually agreed upon by the President and the Superintendent.
- B. The District and the Association agree that any teacher who is a member of the Association at the time the agreement becomes effective, or who enrolls in membership by signing and delivering to the District an assignment authorizing deductions of unified membership dues in the Association during the term of the Agreement, shall maintain such payment of membership dues in conformance with Government Code 3540.1 (i) (1) from year-to-year unless revoked in writing between August 1 and August 31 in the year in which this Agreement expires. The Board will

guarantee said payment of membership dues to the Association by enforcing the payment of dues by members required under the terms set forth above. Pursuant to such authorization, the Board shall deduct 1/10 of such dues from the regular salary check of the teacher each month for ten months. Deductions for teachers who signed such authorization after commencement of the school year, shall be prorated to complete the payment by the end of the school year. Association members who currently have authorization cards on file for the above purposes need not be resolicited. Association dues and fees, upon formal request from the Association to the District, may be increased or decreased without resolicitation and authorization from the teacher.

- C. Any teacher other than an Adult School teacher teaching less than ten (10) hours per week, who is not a member of the Association or who does not make application for membership within thirty (30) days from September 1st of any school year, or within thirty (30) calendar days from the date of commencement of assigned duties within the bargaining unit, shall become a member of the Association or pay to the Association an agency service fee in an amount equal to unified membership dues, initiation fees and general assessments, payable to the Association in one lump sum cash payment in the same manner as required for the payment of cash membership dues, provided, however, that the bargaining unit member may authorize payroll deduction for such agency service fee in the same manner as provided in Section A of this Article. In the event that a bargaining unit member shall not pay such agency service fee directly to the Association, or authorize payment through payroll deduction as provided in Section B, the Association shall so inform the District, and the District shall immediately begin automatic payroll deduction as provided in Education Code Section 45061 and in the same manner as set forth in Section B of this Article. There shall be no charge to the Association for such mandatory agency service fee deductions.

- D. Any bargaining unit member who is a member of a religious body whose traditional tenets or teachings include objections to joining or financially supporting employee organizations shall not be required to join or financially support the Teachers Association of the Norwalk-La Mirada Area/California Teachers Association/National Education Association as a condition of employment; except that such bargaining unit member shall pay, in lieu of the service fee, sums equal to unified membership dues, initiation fees, and general assessments to one of the following non-religious, non-labor organizations, charitable funds exempt from taxation under Section 501 (c) (3) of Title 26 of the Internal Revenue Code:

 - 3. Tri-City Educators Scholarship Coalition, doing business as the Norwalk-La Mirada Student Scholarship Fund.
 - 4. Norwalk-La Mirada Educational Foundation
 - 5. American Red Cross
 - 6. American Cancer Society

Such payment shall be made on or before October 1st of each school year or thereafter within ten (10) working days after the initial work date. A unit member seeking to invoke the provisions of this section shall submit an application to the Association on or before October 1 of each school year or thereafter within ten (10) working days after the initial work date. Failure to make a

request for exemption within the time specified shall be deemed a waiver of the unit member's right to invoke Section E for that school year. Within ten (10) calendar days of the receipt of such application, the Association's Board of Directors may reject the request if the Association has reason to doubt the veracity of the claimed objection. The unit member may, within ten (10) calendar days of the receipt of the Association's rejection of the request, appeal the exemption decision of the Association to an arbitrator selected as per the procedures established in Article VIII Grievance Procedures, Step Four, Section A, of this Agreement. The decision of the arbitrator shall be final and binding on the Association and the unit member. Each school year, all such appeals shall be consolidated for hearing by a single arbitrator selected by the Association, pursuant to Section E of this agreement. The fees and costs of the arbitrator shall be paid by the Association and the unit members equally. All other costs shall be borne by the party incurring them. For unit members seeking an arbitration decision appeal, the deadlines of this section shall be held in abeyance until the decision is rendered.

- E. Proof of such cash payment (no in kind service or benefit allowed) and a written, dated, signed statement of objection along with verifiable evidence of membership in a religious body whose traditional tenets or teachings object to joining or financially supporting employee organizations, pursuant to Section D above, shall be made on an annual basis to the Association and the District as a condition of continued exemption from the provisions of Sections D and E. Proof of payment shall be in the form of receipts and/or cancelled checks indicating the amount paid, date of payment, and to whom payment in lieu of the agency service fee has been made. Such proof shall be presented on or before October 1, of each school year.
- F. Any bargaining unit member making payments as set forth in this Article, and who requests that the grievance or arbitration provisions of this Agreement be used in his or her behalf, shall be responsible for paying the reasonable cost of using said grievance or arbitration procedures.
- G. With respect to all sums deducted by the District pursuant to Sections B, D, E above, whether for membership dues or agency service fees, the District agrees to remit such monies promptly to the Association accompanied by an alphabetical list of all bargaining unit members for whom deductions have been made, categorizing them as to membership or non-membership in the Association, and indicating any changes in personnel or amount of deductions from the list previously furnished.
- H. Association dues and fees, upon formal written request from the Association to the District, shall be increased or decreased without resolicitation and authorization from unit members.
- I. The members of the Association assigned to work at any given school site shall be allowed reasonable use of school facilities for the purpose of meetings. When school facilities are to be used by the Association for meetings accommodating teachers from more than one school site, the Association shall be accorded reasonable use of such facilities upon the completion and submission of District Form 8B, Application and Agreement for Use of School Facilities@, in accordance with the Civic Center Act. The building Principal shall be contacted prior to the request to insure the availability of facilities.
- J. The Association, through its designated Officers, Professional Staff and/or Faculty Representatives, shall have freedom to post notices of activities and all other printed matters of Association

concern on bulletin boards designated for Association use. The District shall provide at least one bulletin board for such use in each school building in work/lounge areas frequented by teachers.

The Association, through its designated Officers, Professional Staff and/or Faculty Representatives, shall be accorded freedom to utilize the District's inter-school mail service, and shall be granted access to and utilization of teacher mailboxes located at each school site, for the purpose of distributing printed matter of concern to the Association, and that does not contain endorsements of particular candidates or ballot measures to all teachers. All such materials sent through the District's inter-school mail service and/or placed in teacher mailboxes shall be clearly identified with the Association's name. Only designated Association Representatives shall receive and distribute Association sponsored materials intended for general teacher distribution through mailboxes.
- L. Official representatives of the Association shall be permitted to transact official Association business on school property at all reasonable times. When entering the campus, the site's main office shall be advised.
- M. Names, complete addresses, telephone numbers, job titles, credential status and work locations of all teachers represented by the Association shall be provided to the Association not later than November 1st of each school year. Those addresses and telephone numbers formally designated as confidential by an individual teacher through exercise of existing law covering confidentiality of such information shall be deleted from the listing, but in every case the name, job title, and work location of each teacher shall be provided by the District. The District will apprise the Association of all changes in this information which have occurred on at least a monthly basis.
- N. Upon appropriate written authorization from the teacher, the District shall deduct from the salary of any teacher and make appropriate remittance for Association sponsored programs, annuities, credit unions, charitable donations, or any other programs jointly approved by the Association and the District.
- O. Upon appropriate written authorization from an individual teacher, the District shall deduct from the salary of any such teacher, and make appropriate remittance within twenty-two (22) calendar days to the Association voluntary contributions to the Political Action Committee of the National Education Association.
- P. A procedure shall be implemented which will allow a teacher to authorize payroll deduction for payment of insurance program plan premiums to California Casualty Insurance Company.
- Q. The Association's office, if located within five (5) miles of the District's Administration Building, shall be provided inter-district telephone service, consistent with past practice, through the school district's central switchboard at an annual cost to the Association of \$184.00. *Note: The District agrees to provide the same telephone system in the TANLA Office with all operating features provided on the Superintendent's office telephones.
- R. The District shall provide inter-school mail pickup and delivery service between the Association Office, if located within five (5) miles of the District's Administration Building, and all school sites

and Administrative Offices of the District, at an annual cost to the Association of \$287.

- S. The Association shall be provided at no cost up to sixty (60) days of release time per year to be used by the local chapter officers and/or members of the Association for District and/or Association business. Prior to using any of the days, local chapter officers or agents must contact the Office of Human Resources at least forty-eight (48) hours in advance to request a substitute.
- T. Monday of each week shall be established as Professional Association Meeting Day for teacher involvement in Association activities, and/or meetings. Teachers shall be allowed to leave their school or site premises immediately after the end of their respective student instructional day to participate in Association activities. Only under unusual circumstances will any administrative or in-service training school site meeting be held on Mondays. All such District meetings shall be approved in advance by the District Superintendent, and the Association notified as far in advance as possible.

ARTICLE VII: NEGOTIATING PROCEDURES

- A. The Association shall submit its initial proposal for a successor agreement to the Board of Education no sooner than the first regularly scheduled Board meeting in May of the year this Agreement expires. By mutual agreement, the District and the Association shall meet and negotiate in good faith over a successor Agreement in accordance with the procedures set forth herein in a good faith effort to reach agreement. The agreement reached between the parties shall be reduced to writing and signed by them.
- B. During negotiations, the District and the Association shall present data and exchange information relative to their respective positions. The District representatives agree to keep the Association fully informed on aspects relating to the development of the District's fiscal budget each year. The District agrees to share with the Association enrollment projections, preliminary budget, monthly budget summaries, budget publications, such County and State reports as the District prepares and the Association may request, and any other information of the School District which will help facilitate negotiations. No later than November 10, the Board shall furnish the Association with the placement of teachers on their respective salary schedules as of the October payroll period.
- C. Either party may utilize the services of outside consultants and/or professional representatives to help facilitate the negotiations process. Said consultants and professional representatives shall be reimbursed by the respective parties seeking such service.
- D. The representatives appointed by each party shall have the power to negotiate for that party and to make tentative and temporary agreement. However, the final agreement shall be contingent upon ratification by the Board of Education of the School District and the Association.
- E. The District shall provide reasonable release time for negotiations for five (5) members, excluding the TANLA President.

ARTICLE VIII: GRIEVANCE PROCEDURES

- A. A grievance by a teacher, a group of teachers, or the Association is a formal written allegation involving any alleged violation, misinterpretation or misapplication of any specific provision of the Agreement and that by reason of such violation, misinterpretation or misapplication, rights have been adversely affected.

LEVEL ONE (Immediate Supervisor):

STEP ONE - (Informal Conference)

- A. Before filing a formal written grievance, the grievant shall attempt to resolve it with an informal conference with the immediate supervisor, or in the Association's case, at the level where the alleged grievance occurred. The grievance must be submitted in writing to the grievant's immediate supervisor or in the Association's case, to the level where the alleged grievance occurred, within forty five (45) teacher work days after the event or within forty five (45) teacher work days of the time the grievant should have known of the event giving rise to the grievance.
- B. At the Level One Informal Conference, the grievant and the immediate supervisor shall be in attendance. The grievant also has the right to TANLA representation. In the case of an Association grievance, except by mutual agreement, only the Association's designated representative and one Administrator shall be in attendance. In the event that the grievant chooses to invite a TANLA representative other than a local site representative, the immediate supervisor may invite a second administrator.
- C. The immediate supervisor, in the case of a teacher originated grievance, or the Administrator dealing with an Association originated grievance will give his/her written answer to the grievant or the Association respectively by the end of the tenth work day following the presentation of the grievance. The giving of such answer terminates informal hearings unless both parties mutually agree to meet again on the matter at this level. If no response is forthcoming within ten (10) teacher work days, the grievance may be forwarded to Step Two (Formal Grievance).

STEP TWO - (Formal Grievance)

- A. If the grievance is not resolved at Step One, the grievant may, within ten (10) teacher work days after the date of decision at the Step One Level, or within ten (10) teacher work days from the date of the initial conference, if no decision is rendered, request a review by the Superintendent and/or his/her designee(s) by formally filing a grievance with the Grievance Officer on an official District Grievance Form. The appeal shall include a written copy of the grievance, the response, if any, and a statement of the reasons for the appeal.
- B. The Superintendent and/or his/her designee(s) to whom the appeal is being made shall: (1) hold a conference with the grievant within ten (10) teacher work days after receiving the appeal; (2) obtain additional information as is deemed appropriate; and (3) within ten

(10) teacher work days after the conference with the grievant, summarize his/her findings and his/her decision in writing and submit copies to the grievant, the representative of the grievant's own choosing, if any, and the grievant's immediate supervisor. If no response is forthcoming within ten (10) teacher work days, the grievance may be forwarded to Level Two.

LEVEL TWO (Formal Appeal to Superintendent or Designee)

STEP ONE (Formal Filing of Appeal)

- A. If the grievance is not resolved at Level One, the grievant may, within ten (10) teacher work days after the date of decision at Level One, or within ten (10) teacher work days from the date of the submission of the Formal Level One written grievance, if no decision is rendered, request a review by the Superintendent and/or his/her designee(s) by formally filing a grievance with the Grievance Officer on an official District Grievance form. The appeal shall include a written copy of the grievance, the response, if any, and a statement of the reasons for the appeal.

STEP TWO (Appellate Review of Grievance and Findings)

- A. The Superintendent and/or his/her designee(s) to whom the appeal is being made shall:
 1. hold a conference with the grievant within ten (10) teacher work days after receiving the appeal and
 2. obtain additional information as is deemed appropriate; and
 3. within fifteen (15) teacher work days after the conference with the grievant, summarize his/her findings and his/her decision in writing and submit copies to the grievant, the TANLA representative of the grievant's own choosing, if any, the District Grievance Officer and the grievant's immediate supervisor.
- B. During the formal grievance process, a grievant shall be entitled to have an Association representative present. The grievant and his/her representative, if any, shall be given at least five (5) teacher work days notice of the conference described above and an opportunity to participate. The grievant shall be present at this conference, unless mutually agreed that the grievant need not attend, or where it is mutually agreed that no facts are in dispute and that the sole question is one of the interpretation of a provision of this Agreement.

LEVEL THREE - (Mediation)

- A. If the grievance is not resolved at Level Two, the grievant may, within ten (10) teacher work days from the decision of Level Two, or within ten (10) teacher work days from the date of the conference at Level Two, if no decision is rendered, appeal the grievance to the District Grievance Officer, requesting, in writing, mediation of the grievance. In this event, the District Grievance Officer, shall within ten (10) teacher work days of the date of the receipt of the request, submit to the California State Conciliation Service a written request for immediate services of a mediator. The function of the mediator shall be to assist the

parties to achieve a mutually satisfactory resolution of the grievance by means of the mediation process by providing a written response. The fees and expenses, if any, of the mediator shall be equally shared by the District and the Association. All other expenses, except for reasonable release time of the grievant and his/her representative, shall be borne by the party incurring them and neither party shall be responsible for the expense of the witnesses called by the other, except for release time as provided by the law.

- B. At the outset of this process the mediator shall schedule and hold a conference at which time the parties to the grievance shall submit to the mediator copies of all documents completed in conformance with the requirements at each previous grievance level. In addition, the grievant shall submit to the mediator and the District Grievance Officer a clear, concise written statement of the reasons for his/her appeal to the mediation process and the remedies sought.
- C. If a satisfactory resolution of the grievance is achieved by means of this mediation process, both parties of the grievance shall sign a written statement to that effect and thus waive the right of either party to any further appeal of the grievance.
- D. The District and the Association have agreed that this level (Mediation) may be waived by mutual agreement of the District and the grievant. If no satisfactory settlement is reached within ten (10) teacher work days following the receipt of the written response with the mediator, either party may appeal the grievance to the next step (Arbitration).
- E. The written opinions and conclusions of the mediator are to be given serious consideration as an acceptable resolution to the dispute, but they may be rejected by either party by writing to the other stating the reasons for the rejection. In the event of rejection by either party, the parties agree the mediator's suggested resolution may not be offered as evidence in any subsequent arbitration.

LEVEL FOUR - (Arbitration)

- A. If a grievance is not resolved at Level Three, the grievant may request within ten (10) teacher work days of the mediation response that the Association submit the grievance to arbitration. The Association shall notify the Superintendent or his/her designee in writing within ten (10) teacher work days after the receipt of the request from the grievant that the grievance has been submitted for arbitration. The Association has the discretion to reject any grievance from being submitted for arbitration. The arbitrator shall be mutually selected by the two parties within ten (10) teacher work days after such notice is given. If the two parties fail to reach agreement on the choice of an arbitrator within ten (10) teacher work days, the California State Conciliation Service shall be requested to supply a list of five (5) names of people who are experienced in public school arbitration. Within ten (10) teacher work days after receipt of the list of names, each party will alternately strike from the list until only one name remains. The order of striking shall be determined by a flip of a coin. By mutual agreement between the parties expedited arbitration procedures may be used.
- B. After a hearing and after both parties have had an opportunity to make written

arguments, the arbitrator shall submit, in writing, to all parties his/her findings which shall be final and binding on the parties.

- C. The fees and expenses of the arbitrator shall be equally shared by the District and the Association. All other expenses, except for reasonable released time for the grievant and/or his/her representative, shall be borne by the party incurring them and neither party shall be responsible for the expense of the witnesses called by the other, except for released time as provided by law.
- D. Powers of the Arbitrator are subject to the following limitations:
 - 1. The Arbitrator shall have no power to add to, subtract from, disregard, alter or modify any of the terms of this Agreement.
 - 2. The Arbitrator shall have no power to establish the structure of the salary schedule.
 - 3. The Arbitrator shall have no power to change any practice, policy or rule of the Board nor substitute his/her judgment for that of the Board as to the reasonableness of any such practice, policy, rule or any action taken by the Board unless such practice, rule or action directly relates to a provision of this Agreement.
 - 4. The Arbitrator shall have no power to interpret State or Federal law unless such law is part of this Agreement.
 - 5. The Arbitrator shall not hear any grievance previously barred from the scope of the grievance procedure.
 - 6. The Arbitrator shall have no power to expand the scope of negotiations.

GOVERNING REGULATIONS

- A. The Arbitrator may hear and determine only one grievance at a time filed by a teacher, group of teachers, or the Association, filing a common grievance unless the District agrees otherwise. However, both parties will in good faith endeavor to handle in an expeditious and convenient manner cases which involve the same or similar facts and issues.
- B. The grievant, if desired, may be represented by an Association representative at all meetings and hearings.
- C. Failure at any step of this procedure to communicate the decision on a grievance within the specific time limits shall permit the grievant to proceed to the next level. The time limits specified on any level of this procedure may be extended, in a specific instance, by mutual agreement. Failure by the grievant to process the grievance within the time lines shall cause the grievance proceedings to cease with the solution being the last administrative decision.
- D. Nothing contained herein will be construed as limiting the right of any teacher alleging a grievance to discuss the matter informally with any appropriate number of the administration and to have the grievance adjusted without intervention of the Association provided the adjustment is not inconsistent with the terms of the Agreement and that the Association has been given an opportunity to be present at such adjustment and to share its views.
- E. Time limits shall consist of teacher work days except that when a grievance is filed subsequent to

May 15, and prior to the end of the school year, the time limits shall be regarded as calendar days. When processing grievances during the months of July and August, due regard shall be given to the availability of personnel to assure that proper filing and processing of grievances occurs. Any time limits affected by Winter or Spring breaks will be extended by ten (10) teacher work days.

- F. Time limits are defined as the day following the filing of the grievance, the reply to the grievance, the holding of a conference, the receipt of a reply to a conference, etc.

ARTICLE IX: PROCEDURES TO BE UTILIZED IN THE EVALUATION OF TEACHERS

A. PURPOSE OF THE EVALUATION PROCESS

The primary purpose of evaluation is to recognize commendable practices and to assist the teacher with the improvement of instruction and effective management of students. The evaluation process is intended to provide the teacher with careful, objective and systematic assessment of teacher competence and effectiveness in relation to instructional methodology and adherence to the District's recorded curriculum.

B. FREQUENCY OF EVALUATION

To provide an orderly procedure for the ongoing process of improving instruction and assessment of performance, evaluation shall be conducted according to the following schedule:

1. Non-Permanent teachers and non-teaching personnel shall be evaluated twice a year. The first evaluation shall be completed prior to the Winter Recess and the second evaluation shall be completed by May 31. Each evaluation shall have a required minimum of two observations.
2. Teachers and non-teaching personnel with permanent status shall be evaluated at least once every three years, unless they qualify for evaluation consideration pursuant to Article IX, section 3a-e or are working under the provisions of a Performance Action Plan in which case the permanent teacher shall be evaluated every year until the level of performance has improved to the extent they are no longer on a Performance Action Plan. Each evaluation shall have a required minimum of two observations. The evaluation shall be completed by May 31. Some federal and state programs may require evaluations more often.
3. Teachers and non-teaching personnel with permanent status who have
 - a. been employed at least ten (10) years with the school district, and
 - b. are highly qualified, as defined in 20 U.S.C. Sec. 7801, and
 - c. who have the appropriate English Learner Certification, and
 - d. whose previous evaluation rated the employee as proficient or exceeding standards, and
 - e. if the evaluator and certificated employee being evaluated agree, shall be evaluated at least every five (5) years.

The certificated employee or evaluator may withdraw consent at any time.

4. The District shall not complete the formal evaluation process for any teacher whose resignation/retirement request has been accepted by the Board of Education or designee.

C. EVALUATION PROCEDURE

1. It shall be the responsibility each year, for the evaluator to formally meet with all evaluatee(s) being evaluated that year, under his/her supervision, to explain the District's evaluation policy, procedures, education policy and philosophy. Such meetings shall be held between the

parties prior to the conference required by this Article, Section D2 below. A written record will be maintained by the evaluator verifying this meeting was held and shall be signed and dated by the teacher(s) in question being evaluated and shall be distinguished as separate from the meeting records verifying staff in-service relevant to required "Annual Notices". All materials distributed at this meeting shall be attached to this written record of the meeting. Such meetings shall be held during the first thirty (30) teacher work days of each new school year.

2. Non-Permanent teachers and non-permanent non-teaching personnel shall be evaluated under the provisions of the regular evaluation track in every case.
3. Permanent teachers and permanent non-teaching personnel, who have completed two or more successful and sequential performance evaluations (where all six categories of the evaluation instrument were rated "Proficient") shall be allowed to subsequently elect (with the approval of the site principal) whether to be evaluated under the provisions of either the Regular Evaluation Track or an Alternative Evaluation Track.
4. Except for teachers participating in the Peer Assistant Review Program, prior to being visited by another teacher, the receiving teacher shall be notified and approve the visit.
5. Self-evaluation shall be encouraged in all areas of certificated assignment, but shall not be included in the formal evaluation process, unless the teacher in question has elected to use the Alternative Evaluation Track and it requires the use of a self-evaluation instrument.

D. STULL OBJECTIVES (Applies to both evaluation tracks)

1. Every teacher is required to write a reasonable number of Stull Objectives each school year whether an evaluation is conducted that year or not. Said objectives shall be reduced to writing and turned in to the site administrator or his/her designee each school year.
2. Every school year objectives and standards of performance shall be established for all teachers including those not in the evaluation cycle. A meeting between the evaluatee(s) and evaluator regarding these objectives and standards shall take place each school year. Such meetings shall be held no later than the first thirty (30) teacher work days of each new school year for permanent and non-permanent teachers. Each teacher evaluated shall have the opportunity to participate in establishing the objectives and standards of performance, related to the teacher's position and assignment, upon which formal evaluation shall occur. If the objectives cannot be mutually agreed upon, an appeal relating to these differences may be written by the teacher and submitted to the Superintendent or his/her designee for final resolution after a meeting with the parties has been held
3. All teachers shall be evaluated on one (1) required adjunct duty each school year, as agreed to by the individual teacher and his/her respective principal or administrative evaluator which may include participation on a District, school site or Association committee (i.e. elected representatives to TANLA's Rep. Council or Executive Board), written up as a behavioral objective at the beginning of each school year.
4. Teachers serving in more than one school would only be required to be evaluated on the basis

of an adjunct duty at no more than one (1) site.

E. USE OF PUBLIC CHARGES IN EVALUATION (Applies to Both Evaluation Tracks)

As per Board Policy 1340, a negative and/or unsatisfactory evaluation of a teacher shall not be predicated upon information or material of a derogatory or critical nature which has not been reviewed and processed within the District's adopted policies and regulations for processing a complaint against a teacher and the complaint has been found to have merit and substance in fact.

F. SERIOUS SITUATIONS BETWEEN EVALUATIONS (Applies to Both Evaluation Tracks)

In the event a situation arises during an evaluation time period that is serious enough to warrant immediate attention, the evaluator shall make a written report of the incident to be filed in the official personnel file of the teacher. The teacher shall have the right to prepare an appropriate memorandum of rebuttal to said written report, and it shall also be included in the official personnel file of the teacher.

G. REBUTTING DEROGATORY INFORMATION (Applies to Both Evaluation Tracks)

A teacher may submit a written response (rebuttal) to the evaluator's statements made on any written observation report, conference report, or official evaluation. Said response (rebuttal) shall be filed within 120 teacher workdays from the date on the observation report, conference report or evaluation report being responded to (rebutted) and attached to the report or evaluation and shall be placed in the teacher's official personnel file retained by the District Office of Human Resources.

H. EVALUATION CONFERENCE (Applies to Both Evaluation Tracks)

The official evaluation shall be discussed in a conference between the evaluator and the evaluatee. The teacher shall receive a copy of the evaluation instrument. The evaluatee may submit a written response to the evaluator's statement(s) on an evaluation at any time. The response will be attached to the evaluation and retained in the teacher's file in the District Office of Human Resources. The evaluatee shall sign the evaluation report. The signature does not necessarily indicate that the teacher endorses or agrees with the content of the evaluation.

I. REGULAR EVALUATION TRACK PROCEDURES

1. Data to facilitate formulation of the above standards of performance shall be secured through a number of procedures including, but not limited to: classroom observations, formal conference, personal observations, and other information considered of value in making an objective evaluation or an alternative path such as: portfolios, exhibitions, projects and presentations. The evaluation shall have factual basis.
2. The following minimum standards for classroom observation shall be established:
 - a. All permanent teachers being evaluated shall have at least one scheduled and one

unscheduled observation and such follow-up conferences as are necessary prior to any evaluation report. A sign-up list will be provided for scheduled observations for permanent employees. Failure of a permanent employee to sign-up may result in an unscheduled observation.

- b. All first year non-permanent teachers shall have a required minimum of two (2) observations prior to each evaluation report.
- c. Second year non-permanent teachers shall have two (2) observations prior to the evaluation due by Winter Recess. If no areas are cited as less than satisfactory on the first evaluation report, then only one (1) observation shall be required prior to the completion of the final evaluation report which shall be completed prior to May 31.
- d. If the initial observation indicates potential non-retention of an employee, then the principal will return to a minimum of three (3) observations for each evaluation on those employees.
- e. Each observation shall be no less than twenty (20) minutes in duration to help provide the evaluator with sufficient data to make contributions to the evaluation. The beginning and ending times of each such observation shall be clearly marked on the Observation Report Form by the evaluator.
- f. Any formal written record of the observation, and any required follow-up conferences together with commendations and recommendations shall be made on forms provided by the District.
- g. The evaluatee shall be given a copy of the written record of the observations within five (5) working days of the observation. Written observation reports shall be dated and signed by both the evaluator and evaluatee.
- h. Any negative formal observation which cites deficiencies or weaknesses shall be followed by a related conference between evaluator and evaluatee within fifteen (15) teacher work days of the observation. Extensions will be allowed on a day-to-day basis when either the evaluator or evaluatee is on an authorized absence from the District. A conference summary shall be written on the "Report of Conference Form Related to an Observation" as a result of that conference with input solicited from the evaluatee in the development of a personal assistance plan. The written conference report shall be dated and signed by both the evaluator and evaluatee.
- i. If new or additional deficiencies or weaknesses are cited on any written classroom observation report and written conference report, the evaluator shall make specific suggestions on the report for improvement of deficiencies and/or weak areas cited on the report(s) and shall allow at least ten (10) teacher work days prior to official evaluation for improvement by the teacher. The evaluator, in collaboration with the evaluatee, shall provide in writing plans for personal and resource assistance in a reasonable effort to help the teacher improve.

- j. Evaluation may involve more than one evaluator. The Principal of the school shall be responsible for and have final authority in the evaluation of teachers assigned to his/her school and shall show evidence of same by personally reviewing and signing all evaluation forms. Only certificated administrators shall evaluate.
- k. No teacher shall be involved in the evaluation process of another teacher or be required to provide any administrator with information relative to another teacher's competency skills in the classroom.
- l. An official evaluation shall cover a defined period of time. The evaluation form shall provide specific date references for the period of time being evaluated. At least twenty (20) teacher working days must elapse between all official evaluations. The official evaluation shall be based on dated observation and conference reports. Said dated observation and conference reports shall be referenced on the evaluation form and shall be available to document any deficiencies or weaknesses cited on the evaluation report. No assessments of "Needs to Improve" or "Unsatisfactory" shall be introduced in writing on a teacher's evaluation form which have not first been formally called to his/her attention in written observation and written conference report(s). No less than ten (10) teacher work days shall be allowed from the date of the written observation and written conference report where the deficiency is first noted, and the date of the next evaluation when the deficiency is formally cited, to allow for proper correction of said deficiency. Factors, either positive or negative, that affected the achievement of the stated objectives shall become a matter of written record on the evaluation form.
- m. If an "N" or "U" is noted on the official evaluation, the evaluator, with input solicited from the evaluatee, shall, following the issuance of the evaluation, develop a written Performance Action Plan for the purpose of assisting the teacher to improve. The Performance Action Plan shall then be attached to the evaluation and shall contain specific suggestions for improvement of deficiencies and/or weak areas cited on the evaluation and shall allow reasonable time prior to the next official evaluation for improvement by the teacher. The Performance Action Plan shall be signed by both parties within five (5) teacher workdays from the date cited on the evaluation form leading to the development of the plan. Should the evaluatee refuse to provide input in the action plan, the evaluator shall then be authorized to develop said plan including a written explanation stating the evaluatee formally refused/declined participation. Should the evaluatee or evaluator be absent from work on one or more of the five (5) teacher workdays immediately following the date cited on the evaluation form, then the five (5) day time line shall be extended one day for each day of absence. The Performance Action Plan shall contain:
 - 1. Areas where improvement is needed.
 - 2. A minimum of two (2) examples for improvement.
 - 3. Additional resources to be utilized to assist with improvement, if any.
 - 4. Evaluator's role in assisting the evaluatee.

5. Techniques for measurement of improvement.

Any Performance Action Plan that results from a rating of "N" or "U" on the teacher's evaluation shall be developed and signed by both the rating administrator and teacher, and implemented within five (5) teacher workdays from the date cited on the evaluation leading to the development of the Performance Action Plan. This five (5) teacher workday administrative deadline shall be extended one day for each day during the five (5) day period that a teacher is away from his/her work site on sick leave, or the teacher in question has declined, for any personal reason, to meet with the administrator on an appointed day, within the five (5) day period, to develop, sign, and implement said Performance Action Plan. The administrative deadline shall also be extended one day for each day during the five (5) day period that a rating administrator in question is away from his/her work site on sick leave.

J. ALTERNATIVE EVALUATION TRACK PROCEDURES

1. After a permanent teacher or non-teaching personnel, who has completed two or more successful, and sequential performance evaluations (where all six categories of the evaluation instrument were rated "Proficient") the individual evaluatee may elect, with the approval of the site principal, to pursue an alternative evaluation track, called the Professional Options Plan (POP).
2. The POP is a process that is employee centered, encourages peer sharing and support and includes voluntary self-assessment and goal setting. The rating administrator and teacher share the joint responsibility for developing the POP. Any projects must align with District goals, standards, and objectives.
 - a. Each permanent teacher and permanent non-teaching person, shall first decide whether they wish to be evaluated under the Professional Option Plan procedures. The evaluator shall provide the teacher or non-teaching person with a district developed form to sign and date indicating their wish to be evaluated through the Alternative Evaluation Track procedures.
 - b. Each teacher shall privately complete the district provided Teacher Self-Appraisal Guide to prepare to participate in the end-of-the-year assessment of the POP.
 - c. In addition, each permanent teacher electing to use POP during the school year shall agree to use the district provided draft document entitled "What All Teachers Should Know And Be Able to Do" and the draft Professional Teaching Standards for their subject area/grade level, if available, to assist in formulating professional growth goals for the school year.
 - d. Prior to the initial participation in POP the permanent teacher or non-teaching person, will attend a District provided information training session, for no more than one hour, after school, at a central location, on one day. This information training session will occur during the first twenty (20) student instructional days of each new school year.

- e. On or before the thirtieth (30) student instructional day of the school year, the permanent teacher or non-teaching person and the supervisor will cooperatively establish the evaluatee's annual goals, reducing them to writing, mutually dated and signed by both parties. The District will provide the form for accomplishing this task.
- f. No later than thirty (30) student instructional days prior to the final student day, the evaluatee and the evaluator shall meet to analyze and discuss employee gathered data related to the accomplishment of the established annual goals.
- g. The rating evaluator may, following the meeting in Section J,2,f, above, decide to move the permanent teacher or non-teaching person back to the Regular Evaluation Track Procedures for the successive school year. This decision, if made, must be communicated to the evaluatee, in writing, no later than May 31st.
- h. POP shall not be used as a basis for determining that a permanent teacher's or non-teaching person's overall performance is unsatisfactory nor as a probable cause for non-renewal of an employee contract under applicable law. Information from the Professional Options Plan may not be used as a basis to determine if a permanent teacher's or non-teaching person's performance is unsatisfactory in subsequent evaluations done under the provisions of the Regular Evaluation Track Procedure.

K. FILING OF EVALUATIONS

Evaluation reports shall be retained in the Office of Human Resources as confidential material and filed in the personnel folder of the individual teacher.

L. PROCEDURAL CALENDAR FOR EVALUATIONS

The Office of Human Resources shall develop and distribute to certificated personnel responsible for evaluation, a procedural calendar which shall provide, but not be necessarily limited to, specific deadlines for evaluation. A copy will be provided to the Association.

Extensions shall be allowed on a day-to-day basis when either the evaluator or evaluatee is absent from the District.

M. NON-PERMANENT TEACHERS

1. The first official evaluation shall be completed before the winter recess.
2. The final required official evaluation for a non-permanent teacher not being recommended for reemployment shall be completed not later than March 15. If the teacher is assigned to the school at such time that the conditions of Part 1, immediately preceding cannot be met, only one evaluation will be required by March 15 in order to substantiate a recommendation of non-reemployment. The deadline for persons covered in the preceding sentence may be adjusted in accordance with provisions of the Education Code and this Agreement.
3. The two required evaluations for each second year probationary teacher must be completed

and recommendations relative to reemployment must be made by May 21.

4. The final written evaluation for non-permanent teachers who are being reemployed shall be completed and transmitted to the teacher no later than May 21 of each year. The evaluation conference shall be completed no later than May 31.
5. A non-permanent teacher assigned to a school or District department after the beginning of school and who is recommended for reemployment must be evaluated twice, if possible, under the time schedule that is required by law and this Agreement. If two evaluations are not possible, one must be held if the teacher has been in the assignment for forty-five (45) calendar days prior to the date school is dismissed.
6. First and second year probationary employees may be dismissed during the school year for unsatisfactory performance determined pursuant to Article II, Recognition (commencing with Education Code Section 44660), or for cause pursuant to Education Code Section 44932. Any dismissal pursuant to this section shall be in accordance with all of the following procedures:
 - a. The Superintendent of the school district or the Superintendent's designee shall give 30 days prior written notice of dismissal, not later than March 15 in case of second year probationary employees. The notice shall include a statement of the reasons for the dismissal and notice of the opportunity to appeal. In the event of a dismissal for unsatisfactory performance, a copy of the evaluation conducted pursuant to Education Code Section 44664 shall accompany the written notice.
 - b. The employee shall have 15 days from receipt of the notice of dismissal to submit to the Governing Board a written request for a hearing. The Governing Board may establish procedures for the appointment of a hearing officer to conduct the hearing and submit a recommended decision to the Board. The failure of an employee to request a hearing within 15 days from receipt of a dismissal notice shall constitute a waiver of the right to a hearing.
 - c. The Governing Board may suspend a probationary employee for a specified period of time without pay as an alternative to dismissal pursuant to this section.

N. PERMANENT TEACHERS

Each permanent teacher shall be evaluated in writing by an evaluator at least once every three years except as specified in Article IX, B.3.

1. The evaluation for permanent teachers who are required to be evaluated during a particular school year shall be completed and given to the teacher by May 21. Any conference related to the evaluation shall be completed by May 31. This shall not preclude any additional conference following May 31.
2. Any permanent teacher who, on an official evaluation, is given an "N" or "U" shall be given a Performance Action Plan and evaluated each year thereafter until the level of performance reaches the District standard.

3. The evaluation for non-teaching personnel shall be completed by May 31st.
4. Exceptions to these dates are noted in Article XV, Alternative School Year Program, and are applicable to those schools that have adopted and are operating under an alternative calendar.

O. ADULT EDUCATION TEACHERS

1. Contract (full-time) Adult Education Teachers and Counselors shall be evaluated as prescribed throughout the provisions of this article.
2. Other Adult Education School members of the certificated employee bargaining unit (part-time teachers assigned more than ten (10) but less than twenty-five (25) instructional hours per week), will be evaluated once every other year following their first two (2) years of employment on a part-time basis, as prescribed throughout the due process provisions of this article.

P. PARTICIPATION IN PEER ASSISTANCE REVIEW PROGRAM

In the event that funding is re-allocated by the state for Teacher Support Programs the District and Teachers Association will negotiate new contract language to ensure that all funding dollars are once again utilized in a manner consistent with state mandates.

ARTICLE X: PERSONNEL FILES

- A. The official personnel files for teachers shall be kept at the District office. Materials related to evaluation not properly placed into a teacher's official personnel file shall not be utilized in any discipline procedure against the teacher or retained in the personnel file.
- B. Any rating, reports, records, or other materials to be placed in a teacher's official file must be dated, signed, and submitted by the author to the District's Office of Human Resources, for inclusion in the teacher's official personnel file, within ten (10) teacher work days from the date on the material to be included in the file.
- C. Every teacher shall have the right to inspect ratings, reports, records, and all other materials placed in his/her official personnel file which may serve as a basis for affecting the status of his/her employment, except as follows:
 - 1. Materials such as ratings, reports or records which were obtained prior to the first date of District service.
 - 2. Materials prepared by identifiable examination committee members.
 - 3. Materials which were obtained in connection with promotional examination.
- D. This inspection of an official personnel file shall be made at a time other than during the teacher's regular working hours and shall be during the normal business hours of the District's Office of Human Resources. A teacher may permit another person to view the materials contained in his/her official personnel file in his/her presence.
- E. Materials contained in official personnel files may not be taken from the District's Office of Human Resources. Facsimile reproductions shall be made by the Office of Human Resources for the teacher or his/her designated representative, within 24 hours, upon formal request of the teacher in writing. During the term of this Agreement, each teacher may receive a maximum of three (3) facsimiles at no cost.
- F. The official personnel file will be made available to a teacher only upon authorization of the Superintendent or authorized employees assigned to the Office of Human Resources. Exempt materials referred to in Section C of this Article will be removed by said Administrator prior to the teacher's inspection. The administrator will verbally identify for the teacher wishing to review his/her official file the nature of any item being removed from the official personnel file, prior to the teacher's inspection of the file, without revealing the informational content of the item(s) being removed.
- G. With the exception of written responses or reactions to evaluations or information of a derogatory nature, no materials shall be inserted into or removed from an official file except upon approval of the Superintendent or an Administrator in the Office of Human Resources.
- H. No information of a derogatory nature that directly affects an employee's evaluation shall be

placed in the official personnel file until the employee has had a reasonable written notice and an opportunity to respond. Prior to placing item(s) in the personnel file, reasonable cause shall exist to believe that the information has a factual basis. With the exception of evaluation related observation and conference reports, all other materials to be placed in an employee's official personnel file must be dated and signed by both parties within ten (10) teacher workdays of the occurrence of the situation being cited, or within ten (10) teacher workdays of the date the immediate supervisor first became aware of the situation being cited. Derogatory materials not properly placed in the official personnel file shall not be utilized in any discipline procedure against the employee or retained in the official personnel file.

Any response by the employee to be placed in the official personnel file shall be submitted for attachment to the material(s) being rebutted for inclusion in the official personnel file, no later than one hundred twenty (120) teacher workdays after receipt of the derogatory material(s) by the employee.

- I. The teacher shall have the option of reviewing the derogatory material in the District's Office of Human Resources during regular business hours, or upon written request, the Office of Human Resources will send the teacher a facsimile of the derogatory information in question for his/her examination within ten (10) teacher workdays.
- J. A teacher who wishes to review and comment on derogatory information during working hours must make proper arrangements with his/her principal or supervisor before leaving his/her work station. The principal or immediate supervisor will work in a positive manner to assist a teacher seeking the opportunity during working hours to review derogatory materials contained in his/her personnel file.
- K. The contents of all official teacher personnel files shall be kept in the strictest confidence. The District will restrict access to official teacher personnel files to the individual teachers involved, the Superintendent, and such administrators as the Superintendent designates on a strict need-to-know basis. The Board of Education or a member of the Board authorized by the Board may review the personnel file of a specific teacher as needed regarding personnel matters.
- L. All transcripts that are required by the District shall be returned to the teacher within ten (10) teacher workdays upon his/her written request following the District's usage. The District reserves the right to require an official transcript in specific cases, i.e., audit for proper scale and step placement and/or verification of degrees.
- M. Disciplinary action in the form of a dismissal shall be processed in accordance with the Education Code procedures and shall not be the basis of a grievance.

ARTICLE XI: SAFETY CONDITIONS OF EMPLOYMENT

- A. District Management and the Board of Education shall be jointly responsible for furnishing and maintaining conditions of employment that are free of hazards that are causing, or are likely to cause accident, injury, or illness to teachers. The District's Occupational Health and Safety Program will comply with requirements of the Regulations of Cal/OSHA California Regulations, Title VIII.
- B. A teacher shall report in writing any observed unsafe working conditions to his/her immediate supervisor. The immediate supervisor shall route the report through established District procedures for corrective action.
- C. The District shall make every reasonable effort to see that teachers shall not be required to perform tasks or work under conditions which endanger their safety.
- D. The District shall take reasonable steps to provide adequate security to insure the safety of teachers. Each school shall develop a written site plan which shall provide for staff security at all times. Copies of each school site's written security plan shall be made available to the Association, by a respective site administrator, upon request by the Association.
- E. A teacher, while serving within the responsibilities of his/her duties, may use reasonable force to protect another person or property, to quell a disturbance threatening physical injury to others, or to obtain possession of weapons or other dangerous objects within the control of another person.
- F. Within legal limitations, the District shall give legal support and other assistance as described in this paragraph for any assault or battery upon the teacher while acting in the discharge of his/her duties.
 - 1. Teachers shall immediately report an assault or battery suffered by them in connection with their employment to their principal or immediate supervisor and may file a formal police report.
 - 2. The District shall notify the teacher of its readiness to assist the teacher, upon request, as follows:
 - a. By obtaining from policy relevant information as may be released concerning the accused.
 - b. By providing the teacher with representation in court appearances, and by acting in appropriate ways as liaison between teacher, immediate supervisor, police and the courts.
 - 3. When absence arises out of or from such assault or injury, the teacher shall utilize industrial injury leave in accordance with provisions of law.
 - 4. Health and Welfare Benefits and/or Leave Benefits derived under this, or subsequent

agreements shall continue in accordance with this Agreement.

- G. As permitted by law, the District shall insure any teacher, at no cost to the teacher, against all or any part of his/her liability for injury resulting from an act or omission in the scope of his/her employment.
- H. The District shall reimburse teachers to a maximum of five hundred dollars (\$500.00) per incident for any loss, damage or destruction of personal equipment of the teacher, used for instructional purposes in the classroom, unless such damage is due to negligence by the teacher. To be eligible for reimbursement, a teacher must complete a District form, at the time the article is brought to school, accurately describing the item, its intended instructional use, and the specific dollar figure of its current replacement value. Claims must be submitted on a form provided by the District within thirty (30) days of the date of the loss. ARTICLE XII: TRANSFERS AND REASSIGNMENTS WITHIN A SCHOOL

A. LENGTH OF SERVICE

1. Length of service for the purpose of applying this Article is subject to the following seniority ranking order:
 - a. First day of paid service under the contractually mandated work year. (This excludes voluntary staff development days, hourly service rendered in the summer, site-specific days prior to the start of the regular work year, etc.)
 - b. If the date established, as referenced in number 1 above is equal, then the next factor that will be used to make the determination of seniority shall be the date the School Board approved the employment contract of the individuals involved.
 - c. If both numbers 1 and 2 are equal, then a lottery among the effected individuals shall be conducted to determine who shall be required to leave the site and who shall be permitted to remain. Such lottery shall be conducted by the Human Resources Department with a representative of TANLA present to serve as a witness.

B. TRANSFERS

1. Transfers shall be defined as a change from one school to another.
2. Requests for a transfer may be initiated by the teacher, the principal, or the Superintendent or central office designee.
3. The Superintendent or designee after initial consultation with the Association Executive Director and in conformance with the requirements of this Article shall personally approve/disapprove all transfers prior to any such transfer being made.
4. The basic criterion in determining transfers shall be the reasonable education needs of the District as determined by the Superintendent or central office designee in accordance with the following procedures:
 - a. A transfer shall not be made for a non-permanent teacher except under highly extenuating circumstance (Teachers serving on non-permanent employment contracts are normally expected to work at one school site as they complete their respective credential program and earn permanent employment status.) The Superintendent shall determine whether circumstances are extenuating enough in a given situation to transfer such a temporary or probationary teacher.
 - b. An administrative initiated transfer generally shall not be implemented, more than once every three (3) years. If a permanent teacher is transferred administratively, said teacher shall serve a minimum of two school years at the new school to which they were assigned, before they can request a teacher initiated transfer to another school site.

- c. Each transfer request that is initiated by a teacher shall be valid only between date submitted in the current school year through August 1 of each year. After this date, the transfer request automatically expires. A new transfer request must then be submitted for any succeeding school year as defined in the preceding sentence. Any transfer to another school shall be confirmed in writing by the Superintendent or central office designee.
- d. In the event of an involuntary transfer, and upon written request of the teacher, the District shall be responsible for moving the teacher's personal instructional equipment and property from the former work site to the newly assigned work site. The teacher must properly box and label the materials to be moved. The District shall complete such move at least one (1) working day before the teacher begins the new assignment.

Teachers shall be granted only one teacher initiated transfer per year.
4. A request for a general transfer may be submitted to the Division of Human Resources between date submitted in current school year through August 1 of each year. Teachers interested in any position that may become available after the close of school in June and before August 1 may submit a transfer request for the position or positions of interest prior to the close of school in June. This transfer option shall take precedence over placement of displaced teachers and/or teacher initiated transfer requests.

In the event that more than one teacher from a school site has been administratively transferred due to declining enrollment or fluctuations in pupil enrollment, and a formula based opening becomes available at the school of previous assignment (during the one year time period), the teacher with the most district seniority shall be offered the voluntary transfer back to the school of origin. In the event that the most senior teacher declines such transfer, the next most senior teacher shall be offered the transfer option. In the event of a tie in seniority, then a lottery for the effected individuals shall be conducted to determine who shall be permitted to return to the previous school assignment. Such lottery shall be made in accordance with Article XII A.1.c.

 - b. If the District requests the priority ranking during the regular school year, then the teacher shall return the ranking request to the District within five (5) working days after the District's request for the ranking.
 - c. If the priority request is to be made by the District during the summer months, then the District shall mail the request to the teacher's mailing address on record with the District. Each teacher who is absent because of illness or injury resulting from an industrial accident and qualifying under provisions of the District's Workers' Compensation Insurance Plan, will be entitled to the benefits of this section.

3. BENEFITS

Each teacher absent under the provisions of this section will maintain all rights and benefits that would accrue to him/her had he/she been on the job. The provisions of this section shall not be accumulative from year to year. No charge will be made against the teacher's accumulated sick leave for the first sixty (60) working days of the absence.

4. PAYMENT OF SALARY - FIRST SIXTY WORKING DAYS

Teachers will receive not less than full salary at the rate being earned at the time of the illness or accident.

5. PAYMENT OF SALARY - AFTER SIXTIETH WORKING DAY

When entitlement to industrial accident or illness leave under this section has been exhausted, entitlement to their sick leave, shall be used. If however, an employee is still receiving temporary disability payments under Workers' Compensation laws of this state at the time of the exhaustion of benefits under this section, he/she shall be entitled to use only so much of his/her accumulated and available normal sick leave which, when added to the Workers' Compensation award, provides for a day's pay at the regular rate of pay. Teachers who exhaust all accumulated sick leave and who are entitled to the difference between their regular salary and that paid to the substitute, as required by law, will be paid that difference by the District, and will retain any monies to which they are entitled from Workers' Compensation. The application for sick leave shall be made in the same manner as though the absence were for a "non-injury" illness. Teachers who exhaust all provisions for full salary, and are not able to return to work, will continue to receive whatever monies are due them from the District's Worker's Compensation Insurance Plan. The amount and length of time teachers receive these monies will be determined by the District's Workers' Compensation Insurance Plan administrators, in accordance with the laws governing Workers' Compensation benefits.

6. TERMINATION OF BENEFITS

Benefits granted in accordance with this policy will terminate the time the teacher is released by the District's Workers' Compensation Insurance Plan administrators.

If the District changes a health plan during a teacher's leave, the change applies to the teacher as if still on the job.

The District may require a teacher to report his/her status and intention to return to work. After a leave, the District shall reinstate the teacher to the same position held before the leave. If a teacher gives an unequivocal notice of intent not to return to work, the District's obligation to provide health benefits and to reinstate the teacher ceases. However, this obligation continues if the teacher indicates he or she may be unable to return to work but expresses a continuing desire to do so.

Upon the teacher's return to work, the District shall reinstate all benefits at the same level provided when the leave began without any form of requalification. Any changes in benefits not based on service during the leave period shall be effective upon the teacher's return to work.

4. In cases of serious misconduct, the foregoing remedial steps need not be taken, and the District may advance the level of discipline such that it is appropriate to the level of misconduct. Serious misconduct that may warrant such action shall include willful, wanton, or deliberate violations of District policies or school laws of the state.
5. In the case of the suspension of a bargaining unit member, such suspension shall be with pay pending the final outcome of the disciplinary proceedings or without pay if so authorized under provisions of the California Education Code.
6. Should the final outcome of a discipline proceeding result in suspension of the unit member,

such suspension may be without pay, but shall not reduce or deprive the unit member of health and welfare benefits until the time of separation or dismissal from the District.

7. The parties to this Agreement recognize that emergency situations can occur involving a clear, present and serious danger to the health and welfare of employees under which the Education Code authorizes the use of emergency suspension. In cases of emergency suspension, the District shall serve notice and statement of the charges supporting the emergency suspension.
8. This Article shall not reduce the rights of permanent bargaining unit members contained in Education Code 44932 and 44944.
9. Public charges or complaints against a bargaining unit member shall be handled in accordance with the directives and procedures established in Norwalk-La Mirada Unified School District's Board Policy 1340.

ARTICLE XXVI: JOB-SHARE OR SHARED EMPLOYMENT CONTRACT

- A. Job-sharing shall refer to two (2) unit members on regular contracts sharing one (1) teaching assignment.
- B. Two unit members may share a job share assignment for a minimum of one (1) year.
- C. Applications for a job-sharing assignment for the following school year shall be filed with the District no later than April 1.
- D. Job Share Agreements shall not be denied except for just cause based on educationally sound reasons and such reasons shall be reduced to writing upon the applicants request in the case of the denial of an application to participate in a job-sharing arrangement. Should the unit member believe that such reasons are not accurate or misrepresent the issues in question, the site administrator, representative(s) from the District administration, the unit member(s), and a representative(s) of the Association shall meet to discuss the reasons cited for the denial to determine their validity. Final decisions regarding job share shall rest with the District.
- E. Notwithstanding other provisions of this Agreement, job-sharing unit members' wages, benefits, and paid leaves shall be prorated relative to the actual time worked.
- F. The health and welfare benefits may be divided up such that each employee receives fifty percent (50%) of the District contribution toward the benefit package of each job shared or the job sharers may divide the benefit package between themselves in a mutually agreeable manner. In no case will the District be required to contribute additional funding beyond what would have been contributed if the assignment was staffed by one teacher.
- G. Once the job-share contract has specified how the benefits are to be divided, that decision is binding and non-revocable for that school year. However, in no event shall the amount of health and welfare benefits for the job-sharers exceed the amount the District would have paid if the position had not been shared.
- H. Unit members participating in job share shall advance one year of service credit if the job share unit member works a minimum of 50% of the previous school year. Evaluation for service credit advancement shall take place once per year, on July 1. Job share unit members having worked less than 50% shall receive no service credit advancement nor can they accumulate advancement service credit by adding multiple years of job share work.
- I. Unit members entering into a job-sharing arrangement shall complete the Certificated Partnership Teaching Agreement mutually developed by the Association and the District.
- J. Upon the request of the two bargaining unit members, and the approval of the site administrator, a job-sharing assignment may be renewed provided the two unit members notify the District prior to April 1. In the event the two unit members fail to notify the District to continue the job-sharing assignment, or in the event the District does not approve the continuance of the assignment, the unit members shall be returned to full-time assignments.

- K. Only permanent employees shall be eligible to participate in job-sharing assignments effective August 1, 2000. However, unit members who are already in established job-share assignments as of August 1, 2000, and who are not permanent employees shall have the ability to continue in such job-share assignments.
- L. In the event that one job-share participant fails to complete the school year in a job-sharing assignment or requests removal from the job-sharing partnership, it shall be the responsibility of the other job-sharing partner to return to full time employment until an acceptable replacement is secured or until the conclusion of that school year, whichever occurs first.

It shall not be the responsibility of the District or the Association to secure job-share partners for those individuals who wish to establish a job-sharing partnership. That responsibility shall rest solely with the individual(s) who wish to enter into a job-sharing partnership.

At the conclusion of a job sharing assignment, if the certificated position still exists or is projected to exist, the partner teacher with the greatest District seniority (Article XII, A.1.a.b.c.) shall remain at the site and the displaced teacher shall be assigned to available openings in the District, prior to teacher initiated transfer, Article XII, C.

In the event that the certificated position does not exist, or is not projected to exist, then the least senior partner teacher of the job share shall be assigned to available openings in the District, prior to teacher initiated transfer, Article XII, C. The most senior partner of the job share will be ranked by first day of paid service with the rest of a site's certificated staff prior to teacher initiated transfer, Article XII, A.1.a.b.c.

ARTICLE XXVII: SPECIAL EDUCATION PROGRAMS AND PROCEDURES

- A. The District shall not normally require a unit member to extend their normal hours of employment in order to participate in the development or review of an Individual Education Program (IEPs). Should an individual unit member have cause to believe the District is not making a good faith effort to adhere to the practice of scheduling IEPs during a time that does not require the extension of their work day, that unit member may request meeting with the Director of Special Education and a representative of the Association. Should that meeting result in a finding that supports a pattern of over utilization of the extension of the individual member's normal workday, then an arrangement shall be made that will provide the unit member with additional compensation.
- B. Counsel retained to represent the District in any fair hearing or other due process procedure that requires the participation of bargaining unit members, shall consult with the unit member prior to the hearing or procedure regarding preparation for the hearing or procedure.
- C. Adaptive Physical Education teachers shall not normally be required to provide service at more than five (5) school sites.
- D. Members of the certificated bargaining unit shall not normally be required to provide custodial/restroom/medical care to their students unless the provision of such care was described in their respective job description and/or is part of the student's curriculum or IEP and was explained prior to their acceptance of their employment. When such services and/or care is required, appropriately certified, trained and/or qualified individuals shall only deliver such care.
- E. In order to regularly monitor student/teacher ratios in the Special Education classrooms, a Special Education Task Force Team will be established. The team will meet monthly to review the Special Education staffing ratios for the Severe and Non-Severe classes, as well as monitor the DIS caseloads. The team may make recommendations to the Director of Special Education regarding Special Education caseload numbers and staffing ratios. The task force team members will serve a two year term and consist of three (3) certificated teachers chosen by the Association and one (1) Special Education administrator/designee. In addition, the District agrees to remove the Visually/DHH classrooms from the overall Severely Handicapped staffing ratio. The Director of Special Education shall make a consistent reasonable effort to provide correct class list and share all relevant information regarding class size with the Special Education Task Force Team.
- F. Classes identified for class size ratio in this article shall not be altered or changed without prior agreement with the Association. If a class is renamed the Special Education Director shall meet and confer with the Association prior to making a change. Renaming of a class shall have no effect on class size ratios.
- G. The District shall utilize the following staffing ratio for the staffing of the Special Education Program:

CATEGORY	Allocation of Teaching Positions	Number of Students Identified
Special Day Classes:		
Pre-K SDC	1	10
Non-Severely Handicapped (Learning Handicapped, Mildly Retarded, Language Disordered)	1	14

DIS/Adaptive P.E.		Maximum of 55

- H. DIS teachers shall be provided a substitute teacher for any absence, if requested by the DIS teacher.
- I. The District shall make a good faith effort to provide substitute paraprofessional coverage from the first day of absence for all SDC classrooms.

ARTICLE XXVIII: EL CAMINO HIGH SCHOOL, SITE SPECIFIC PROGRAM GUIDELINES AND PROGRAM OFFERINGS

- A. Article XIV, Section D of the contract shall be waived and replaced with the following: Each teacher shall teach six (6) consecutive periods of forty-five (45) minutes in length followed by a seventh period preparation period of forty-five (45) minutes in length.
- B. It is mutually agreed to those provisions in Article XIV regarding extra pay for teaching a sixth period shall not apply.
- C. Should the District be unable to provide substitute coverage for an absent teacher, the students assigned to that teacher shall be equitably distributed among other teachers. As compensation for providing coverage for the additional students, each teacher who received additional students shall receive a percentage of the substitute pay. That percentage shall be determined as the daily rate of substitute pay divided by the number of teachers that received students from the absent teachers classroom.
- D. The District shall make a good faith effort to maintain the maximum class size per period, per teacher, at a total of thirty (30) students, or below. No class size shall exceed thirty-five (35) students per period. Should an individual class size exceed thirty-five (35) students, an immediate meeting shall be scheduled between the site administrator, the teacher, and the TANLA Representative to arrive at a mutually acceptable resolution to the class size issue.
- E. All other provisions of the Master Agreement between the Board of Education of the Norwalk-La Mirada Unified School District and the Teachers Association of the Norwalk-La Mirada Area shall remain in force. Minor unforeseen circumstances unique to this program shall be collaboratively resolved through a consensus decision-making process.

B. INITIAL PLACEMENT

1. For teachers hired after July 1, 1986 prior public school teaching experience is credited on a year-to-year basis up to a maximum of thirteen years. A school year shall be defined at 75% of the teaching days within each year. A long term substitute teacher who qualified with respect to the required number of days constituting a school year may receive credit on the schedule in the same manner as a regular teacher. To receive maximum credit a teacher must have been employed in consecutive years without a break in service. If there is a break in consecutive years of service, the district will review the last five years of service and place the teacher on the next step. This experience must have been obtained within the last five years of service and place the teacher on the next step. No more than one step credit will be granted for one year of teaching.

If the Superintendent or his/her designee wishes, a break in service may be reviewed for purposes of credit placement.

2. Teachers entering the system who have experience in private schools in the United States

shall be granted credit for this experience as other teachers new to the District, with the following conditions:

- a. The experience must have been in schools which are acceptable to the State Department of Education for credentialing purposes.
 - b. The teacher must have had a valid teaching credential during the teaching experience.
3. Speech Language Pathologists entering the system, who have prior public or private school experience, or hospital experience, shall be granted credit for this experience for initial placement on the salary schedule. Any Speech Language Pathologist who was not previously accorded such credit for this type of prior acceptable employment experience for initial placement on the salary schedule shall be granted such credit effective September 1, 1990, and thereafter.
 4. Teachers returning from leave of absence without pay shall be placed upon the appropriate salary step which they had earned prior to their departure for leave.
 5. Teachers returning from leave of absence with pay shall receive the normal increment as though he/she had not been on leave, providing that normal increments have been negotiated.
 6. A teacher on an unpaid leave because of military obligations shall be granted one year credit for each year of military service, provided that normal increments have been negotiated each year the teacher is absent from his district responsibilities.
 7. Any teaching experience accrued in a foreign educational system will not receive salary credit for those years of experience.

C. VERTICAL AND HORIZONTAL MOVEMENT

1. Teachers who serve less than the required annual number of working days for regular full-time teachers in their classification, shall receive salary in the ratio that the number of days actually served bears to the total number of annual working days for that classification. Notwithstanding the above, teachers who serve for one full school semester, shall receive not less than one-half the annual salary applicable to their scale and step.
2. Mandatory deductions from gross earnings are those required by law and include Federal and State Income Tax, and State Teachers Retirement System.
3. Option deductions are those deductions the teacher may elect to have taken from his/her gross earnings. Such deductions are made for items and services that are, from time to time, made available to the teachers by Board action. Optional deductions must be initiated in writing by the teacher. This authorization shall remain in effect continuously until the District receives from such teacher written notice withdrawing the authorization for the deduction.
4. Vertical Movement

- a. All teachers shall advance one vertical step on the salary schedule for each year of service, except those whose placement is at the maximum step for their scale.
- b. Teachers who have been employed in the regular educational program of the District as probationary or permanent members before being subsequently assigned to programs conducted under contract with public or private agencies or other categorically funded projects will be entitled to continue on the salary schedule for each year of service while assigned to such restricted programs.

5. Horizontal Movement

- a. All courses taken for salary schedule advancement must be:
 - 1) Directly related to the individual teacher’s assignment or
 - 2) Part of a program leading to any credential or advanced degree.
- b. Teachers may advance from one scale of the salary schedule to another after initial rating in, if the following criteria are met:
 - 1) All course work shall have a grade of C or above or passing in pass/fail graduation or credit in credit/noncredit graduations.
 - 2) All course work, post-graduate, graduate or upper division level taken from four-year colleges, universities or graduate schools accredited teacher training institutions, accepted by the State of California, must be in the areas listed below:

 - 2) Teachers are free to take as many semester units as they wish during a summer recess if they are not teaching summer school for the Norwalk-La Mirada Unified School District. If a teacher is teaching summer school during a given summer then he/she is limited to taking six units of semester course work to be applied at any one time for scale changes during the course of that particular summer.
 - 3) Nothing, however, shall preclude a teacher from accumulating more units prior to turning them in for scale change purposes. When more than the prescribed number of allowable semester units has been taken by a teacher than enumerated in the immediately preceding paragraphs labeled A1" and A2" above, the additional units, in excess, shall be credited the following year.
- f. A teacher may submit a transcript at any time applying for scale change. The application, complete with transcript, will be reviewed. Within sixty (60) days after the submission of the documents, and if the evidence meets the requirements described above, a scale change shall be effected.
- g. The teacher shall provide the official transcript or affidavit document to the District as soon as it is available.
- h. The burden of proof training, experience, possession of credentials and other required documents shall lie with the teacher, both for initial placement and for subsequent scale changes. Any error in assignment to scale shall be corrected as soon as the error is verified.

Such foreign university or other institution must be listed in the current edition of accredited institutions of higher learning or one of its regional accrediting commissions.
- l. Course work listed by an accredited college or university as post-graduate credit on a teacher's transcript shall be counted by the District as credits earned beyond the attainment of a four year degree, if those units were not applied toward the attainment of the degree.
- m. If a teacher believes that participation in a lower division course will be of direct benefit to the District and that a similar benefit is not available at an upper division or graduate course level, such teacher may petition in the District for a waiver. Such waiver, if granted, would allow the units so approved to be counted for advancement on the salary schedule. Prior to the date of enrollment in lower division courses, the teacher must make formal application to the District's Office of Human Resources and receive approval in the form of the aforementioned waiver.

D. PROFESSIONAL DEVELOPMENT

All professional development education programs approved for salary schedule advancement by the Office of Curriculum, Instruction, and Staff Development will adhere to the following rules:
